

CITY OF SANDERSVILLE, GEORGIA Fy 2022 Budget & Fy 2022 - 2027 Capital Improvements Program City of Sandersville, Georgia Mayor and Council City

The Mayor and City Council of the City of Sandersville are elected to serve four year terms. The Mayor and Mayor Pro tem are elected at large while the four remaining members of council are elected by district. Pictured here are Council Member Mayme Dennis (32 years), Council Member Danny Brown (6 years), Mayor Pro tem Jeffrey Smith (22 years), Council Member Henry Watts (36 years), and Mayor Jimmy Andrews (32 years) and former Council Member Jason Davis (6 years).

Distinguished Budget Presentation Award

The Government of Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Sandersville, Georgia for its annual budget for the fiscal year beginning January 1, 2020.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, operations guide, financial plan, and communications device. This award is valid for a period of one year only.

We believe our proposed budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Introduction

One of the most costly yet necessary services that city governments usually provide to their citizens is water and sewer services. In October 2021, the City of Sandersville closed on \$15.3 million in USDA funded water and sewer infrastructure projects including upgrades to the wastewater treatment plant, rehabilitation of the south water plant and Davisboro Road basin, extension of water and sewer services to the annexed Anderson Drive area, replacement of the sewer system on West Church Street, West Haynes Street and Cook Street, and the construction of a pump station and extension of water service on Ridge Road. On the cover of this FY 2022 Operating Budget and Capital Improvements Program are pictures of the construction work at the water treatment plant and the wastewater treatment plant.

In May 2021, the City completed the Thiele Park Parking Lot project, the third phase of a four-phase master plan that included the completion of the East Haynes Street improvement project and Paul F. Thiele Memorial Park that was funded by private donations and sales tax collections. Phase four of the downtown master plan will be a street improvement project on Gilmore Street that will be funded by a federal TAP grant along with four other street improvement projects in the downtown area. The interpretative marker located just outside of the park recognizes Mr. Thiele for his many contributions to Sandersville, Washington County, and the mining industry in Georgia. Thiele Kaolin Company mines, processes, blends, and delivers a full spectrum of Kaolin coating and filler pigments.

Kaolin is one of Georgia's largest natural resources. According to the U.S. Geological Survey, more than 8 million metric tons of kaolin are mined from Georgia each year, with an estimated value of more than \$1 billion. Georgia is by far the leading clay-producing state in America and is recognized as a world leader in the mining, production, processing, and application of kaolin products. With the exception of 2020 due to COVID-19, Sandersville has hosted an annual Kaolin Festival since 1956 to celebrate the importance of this valuable resource and this industry's economic impact on the City of Sandersville, Washington County and the State of Georgia.

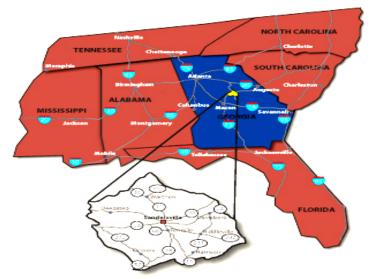

Sandersville remains a city where the culture is rich in heritage and steeped in tradition. Three of Georgia's governors called Washington County home: Jared Irwin, Thomas W. Hardwick and Nathan Deal. Listed on the National Register of Historic Places are the Francis Plantation, Washington County Courthouse, the Old City Cemetery, North Harris Street Historic District, and Charles Edward Choate Historic District. Prominent among the many famous historic locations in Sandersville, including the Brown House Museum and the Old City Cemetery, is the Historical Society Genealogy Museum. In 1880, the first City Hall was built and in 1893-1894 the Sandersville Railroad was built to connect Sandersville to the City of Tennille and to the surrounding Kaolin mines for loading fine white clay and other mining products. Since that time Sandersville, Georgia has been known as the "Kaolin Capital of the World." One of Georgia's most important minerals, kaolin, is a white, alumina-silicate clay used in hundreds of products ranging from paper to cosmetics to the nose cones of rockets. Much of Sandersville's economic success in past years can be directly attributed to the Kaolin industry.

Originally founded in 1796 as *Saundersville*, and first incorporated as a municipality by the State of Georgia in 1812, the City of Sandersville is a Georgia Municipal Association City of Excellence and Certified City of Ethics. The city provides a full range of municipal services to its residents including public safety (police and fire protection), municipal court, community development (building inspections, code enforcement, planning and zoning and economic development) public works (streets and sidewalk construction and maintenance, storm drainage construction and maintenance, refuse collection) and parks and cemeteries maintenance. In addition, the City also operates a water and wastewater collection, distribution, and treatment system, an electric utility and provides high speed internet access to our citizens with fiber optic technology.

Centrally located in the state, Sandersville is located 128 miles from Atlanta, 60 miles from Macon, 62 miles from Augusta, 89 miles from Athens, and 139 miles from Savannah. The city is 40 miles from Interstate 16, 47 miles from Interstate 20 and is located on State Routes 15, 242 and 88 and 24 which includes the Fall Line freeway, a four-lane connector between Columbus and Augusta.

As the county seat of Washington County, the City currently occupies approximately 12.72 square miles and serves a population of 5,259, which is a 11.05% decrease from the 2010 Census. The median resident age for Sandersville is 42.9 years compared to the State of Georgia at 36.7

years. The estimated median household income is \$46,862 in Sandersville, compared to the median household income in of \$38,068 for Washington County, \$58,700 for Georgia and \$79,900 for the United States. The median value of owner-occupied housing is \$92,700, an increase from \$83,300 in 2010. Compared to the rest of the country, Sandersville's cost of living is 20.79% lower than the U.S. average, making it a great place to live, work, own and operate a business and raise a family.

Sandersville has a diversified economy with several major industries located in the area, retail shopping, a regional health care provider, and two colleges. Approximately 26.5% of the Washington County labor force is employed by the government sector, including the Washington County Hospital Authority, the Washington County Board of Education and the Georgia Department of Transportation, while the remaining 73.5% is employed by the private sector. Major private sector employers in the City include Howard Sheppard, Inc. Thiele Kaolin Company, Wal-Mart, Inc. and Trojan Battery.

Sandersville is home to four industrial parks with close proximity to interstate highways 16 and 20, the Norfolk Southern and Sandersville Railroad companies, and the Washington County airport. Manufacturing plants located in the industrial parks include Duraline, Trojan Battery and the City's newest industry, Mawson Infrastructure, a Bitcoin mining company. Although agriculture continues to be important in rural Washington County, the timber industry plays a much more dominant role. A district office of the Georgia Department of Transportation are also located in the area.

In 2010, Sandersville welcomed the opening of the Shared Services Center for the University System of Georgia's 35 degree-granting institutions. This facility consolidates the University System's separate business functions, such as payroll, throughout its colleges and universities into one office. The City of Sandersville partnered with Washington County and the Development Authority of Washington County to develop a 21,000 sq. ft. office complex to house the Shared Services Center which employs approximately 65 people.

Sandersville's local health care requirements are served by Washington County Regional Medical Center, located within the city limits and representing a wide range of specialties. WCRMC is accredited by the Joint Commission on Accreditation of Healthcare Organizations, a distinction that is awarded only to those healthcare facilities that maintain the highest standards of quality. Washington County Regional Medical Center offers a 24-hour physician-staffed emergency department and comprehensive outpatient services including same day surgery and ambulatory care.

There are two institutions of higher learning located within the city limits of the City of Sandersville: Georgia Military College located on Industrial Drive and Oconee Fall Line Technical College located near Highway 88, the Fall Line Freeway.

In 2010 the Georgia Legislature announced the merger of Sandersville Technical College with Heart of Georgia Technical College and on July 1, 2011 Oconee Fall Line Technical College opened its doors in Sandersville. A member of the Technical College System of Georgia and accredited by the Commission of the Council on Occupational Education, OFTC offers more than 100 associate degrees, diplomas and certificate programs to thousands of students annually while providing educational, career, and economic development opportunities throughout an 11-county service area. The continued growth of the College coupled with the Sandersville campus of Georgia Military College distinguishes Sandersville as a regional center for higher education and provides additional economic strength and vitality to the community. There are 4 public schools and 1 private school in Sandersville that educate the area's 3,337 students. A total of 219 seniors graduated from these schools in 2021.

In 2012, the City of Sandersville partnered with the Georgia Department of Defense and the Georgia State Properties Commission to acquire the Georgia National Guard Armory property located in Sandersville for the purpose of providing a home for the Boys & Girls Club of the CSRA, Washington County Club. For decades the Georgia National Guard Armory was home to engineers from the 878th Engineer Battalion. In 2004, Alpha Company of the 878th Engineer Battalion deployed to Afghanistan. Upon its return, the unit was assigned to Augusta while the Armory continued in use as a recruiting office.

The Boys & Girls Club building measures approximately 15,000 square feet and features a dedicated game room, education center, gym and center for teenagers. In 2017, the City received a CDBG (Community Development Block Grant) in the amount of \$750,000 to finance major upgrades to the building including new windows, flooring and kitchen renovations. More than 607 children of Washington County have enrolled in the club since it opened in August, 2012. The Boys & Girls Clubs of the CSRA provides core programs, including arts and sports, fitness and recreation, that promote the development of our children and youth allowing them to become productive citizens who will enrich the quality of life for all of the residents of our community.

The City of Sandersville is a progressive community that provides an exceptional quality of life to its residents and offers southern charm and hospitality to its visitors. The City offers a high standard of living with a commitment to ensure the most responsive and progressive public services to residents, businesses, and visitors. Tree-lined streets, beautiful historic homes and warm personalities welcome visitors to our serene community with genuine southern hospitality.

Recreational opportunities that enhance the quality of life for our citizens are plentiful in Sandersville and Washington County. Located just 14 miles north of Sandersville, Hamburg State Park offers a 225-acre lake with trailer sites, a museum, a 1921 water-powered operational grist mill, boat ramp and lake fishing for largemouth bass, crappie and bream. In 2015, the City of Sandersville partnered with Washington County to develop Linton Park, a community park which includes a splash park (North Avenue Station - completed in 2015), a walking trail and a professional disk golf course (The Depot Disk Golf Course - completed in 2016). The City hosted its first professional disk golf tournament, the Linton Park Open in May, 2017.

Today, in Sandersville there are 2 local radio stations, WSNT, WJFL and a weekly newspaper, the *Sandersville Progress*. WMAZ (CBS) Channel 13 in Macon also reports on the news in Sandersville while the City is covered locally by Charter Communications, located within the city limits.

The Washington County Airport Authority owns the Kaolin Field Airport which is located approximately 40 minutes from Interstate 16, and 2 hours from the Savannah ports and the Savannah International Airport, which is serviced by 5 major airlines. Kaolin Field is home to a 4,200 square foot airport terminal building and a parallel taxiway system with the ability to serve corporate aircraft which will promote the successful recruitment of industry and continue to foster economic development in Sandersville and Washington County.

The City has 56 miles of roads of which 55.8 are paved and 1,203 streetlights. Electricity is sold to 2,811 customers while the City provides water to 2,815 customers with an average daily water consumption of 2.1 million gallons. Sewer service is provided to over 2,472 customers. Sandersville has 69.9 miles of sanitary sewer and 70.3 miles of water mains with 631 fire hydrants. The City maintains a State Certified Police Department and a Class 3 ISO insurance rating with one Fire Station.

Utilities are provided by the following within the City:

City o	f Sandersville	Water& Sewer, Electricity, Telecom and Sanitation
Washi	ington EMC	Electricity
Georg	ia Power	Electricity
AT &	Т	Telecommunications
Charte	er Communications	Telecommunications & Cable Television

The City of Sandersville operates under a mayor-council form of government. The Mayor and Mayor Pro Tem are elected at large while the four remaining council members of the City Council are elected by district. All elections are non-partisan with four years terms. The City Council appoints a City Administrator to manage the daily administrative functions of the city government. As authorized by its Charter and Code, the services provided by the City are General Government (Administration, Human Resources, Finance, Planning and Building Inspections), Judicial (Municipal Court), Public Safety (Police and Fire), and Public Works (Streets, Sanitation, Water and Sewer and Electric Service).

City Boards and Authorities

DOWNTOWN DEVELOPMENT AUTHORITY of SANDERSVILLE

The Downtown Development Authority (DDA) of Sandersville, was established in 1994, consists of 7 members who are appointed by the Mayor and City Council to represent the owners of either real property or business establishments. The DDA is empowered with the authority to acquire, improve, sell, lease, and/or mortgage property for the development and improvement of property in the Downtown Development Authority District in Sandersville.

SANDERSVILLE PLANNING & ZONING BOARD

The Sandersville Planning & Zoning Board was established in 1979, and consists of 8 members who are appointed by the City Council. The Mayor or one council member may serve as ex-officio member without voting powers. The Board is vested with the duties to hear and make recommendations to the Mayor and City Council on matters regarding zoning ordinances, to promote the planning of the City of Sandersville with the preparation of the Master Plan, to prepare and recommend regulations for subdivisions and to administer those regulations, and to prepare and recommend a plat for the official map of the City showing the location of existing and proposed boundaries.

SANDERSVILLE TREE BOARD

The Sandersville Tree Board was established in 1991. The Board consists of 10 members appointed by the Mayor and City Council who are charged with the responsibility of developing and administering a City Tree Plan for the care and planting of street and park trees. Also, at the request of City Council, the Tree Board investigates, recommends, and reports on any special question within the scope of its work.

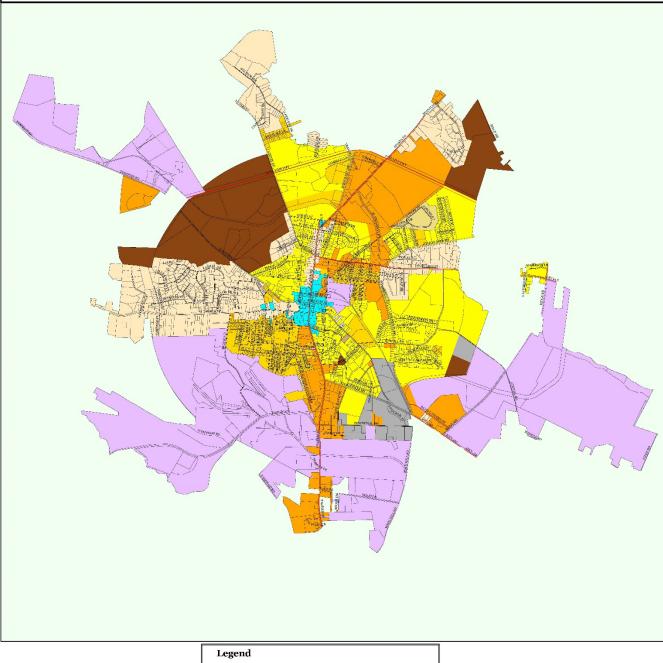

CITY OF SANDERSVILLE MAINSTREET

The Georgia Main Street Program began in 1980 as one of the original pilot state coordinating programs of the National Main Street Initiative launched by the National Trust for Historic Preservation. It is a signature program for community development and revitalization in Georgia's historic downtowns. Since it started, the designated community programs have been instrumental in leading the state in historic preservation, small business development, expansion of the state's employment base, leveraging private investment, increasing tourism and providing a positive road map for publicprivate partnerships.

The City of Sandersville Main Street is a participant in the Georgia Main Street Start Up Program, a Nationally Accredited program by the National Main Street Center which is a subsidiary of the National Trust for Historic Preservation. The Main Street Program focuses on building stronger communities through its four point approach of Organization, Promotion, Design and Economic Vitality. The City of Sandersville Main Street program seeks to achieve this by following its mission statement "through community partnerships and a shared vision for the future, we work to keep the City of Sandersville Downtown vibrant and successful while preserving its historic heritage and supporting sustainable projects.

READER'S GUIDE TO THE BUDGET

While government budgets are usually complicated documents for citizens to read and understand, our goal in preparing this Budget was to make it user-friendly. Generally Accepted Accounting Principles (GAAP) for governments requires the use of multiple funds, grouped into seven categories. Some of those fund categories are budgeted and accounted for using the modified accrual basis of accounting, and some use the accrual basis of accounting. Most citizens are accustomed to private sector accounting, where a business has one balance sheet and one income statement, both kept on the accrual basis of accounting. Therefore, it is recommended that you take a few moments to review this Reader's Guide before reading the Budget. It should help you understand the framework of the City's fund structure and accounting system.

The City of Sandersville operates with thirteen separate funds making municipal budgeting and accounting considerably different from that in the private sector. Although the City may in most cases legally transfer money from one fund to another, each fund is a separate accounting entity with assets, liabilities, equity, revenues, and expenditures (expenses). Therefore, there will be thirteen separate balance sheets and income statements. The funds fall into five different categories which are segregated into two types of funds, as required by Generally Accepted Accounting Principles for governmental entities. The funds by fund type that will be used in the fiscal year are as follows, and are summarized in the chart on the next page:

(1) Governmental Funds

General Fund – This is the principal fund of the city and is used to account for all activities of the City not included in other specified funds. The General Fund accounts for the normal recurring activities of the City (i.e., public safety, general government, engineering, planning, finance, and public works).

Special Revenue Funds – Funds used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes. Included in the Special Revenue Funds are the Confiscated Assets Fund, the ARPA Fund, the Hotel-Motel Tax Fund, the 2021 Community Development Block Grant Fund (CDBG) and the 2018 Community Home Investment Program Fund (CHIP). The Narrative Section at the front of each Fund explains in detail the purpose of that fund.

Capital Project Funds – Funds used to account for financial resources segregated for the acquisition or construction of major capital facilities other than those financed by enterprise operations. The City's Capital Project Funds include the 2019 SPLOST Fund, TSPLOST Fund and the Capital Improvements Program Fund. Again, the Narrative Section at the front of each Fund explains in detail the purpose of that fund.

(2) Proprietary Funds

Enterprise Funds – Funds used to account for operations that are financed and operated in a manner similar to private business enterprises - - where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has four Enterprise Funds: the Water and Sewer Fund, the Electric Fund, the Solid Waste Collection Fund, and the Telecom Fund. Again, the Narrative Section at the front of each Fund explains in detail the purpose of that fund.

Internal Service Funds – Funds used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to the other government units, on a cost reimbursement (internal fees and charges) basis. The City currently has no Internal Service Funds.

Basis of accounting is a system used by an individual government to determine when revenues have been realized and when expenditures have been incurred while basis of budgeting is a system used by an individual government to determine when budgetary revenues have been realized and when budgetary expenditures have been incurred. The City uses the modified accrual method for accounting and budgeting.

The second column of the funds chart shows the accrual and modified accrual accounting basis. Accrual accounting is similar to private sector accounting, in that revenues are accrued when earned, and expenses are accrued when the financial transaction takes place. Proprietary Funds and Fiduciary Funds are accounted for on this basis, as they are operated very similarly to private businesses. In the Budget, these types of funds have a Budgeted Income Statement and a Budgeted Cash Flow Statement. Any major capital expenses for these funds are budgeted in the Budgeted Cash Flow Statement, except for those receiving SPLOST or TSPLOST funds. In that case, some projects may also be funded in the 2019 SPLOST Fund or TSPLOST Fund.

All Governmental Funds are accounted for using the modified accrual basis, which is a hybrid of cash and accrual, where some revenues and expenses are accrued, and some are on a cash basis. These funds reflect only available resources. In addition, this Budget shows all the major capital expenditures for these types of funds in the Capital Improvements Program Fund, or another capital projects fund. Major capital expenditures are defined as capital assets costing at least \$5,000 and having a useful life of at least two years. This includes not only land, buildings, and infrastructure, but also vehicles and equipment.

The thirteen funds are serviced by seventeen bank accounts, eleven of which are major accounts, and six of which are minor. The minor accounts have little activity, but are required due to bond indentures, grant requirements, or some other legal or operational requirement. The following chart shows which bank accounts service each of the proposed funds.

Following this Reader's Guide to the Budget is the City Administrator's Budget Message. This message includes a listing of the assumptions used in developing the Budget. It also includes a discussion of the major issues requiring financing that the Mayor and City Council have considered, and how this Budget proposes to address them.

The next section, Summary Budget of All Funds, is a multi-sheet spreadsheet, which summarizes all funds of the City of Sandersville, and the projected fund balances or working capital, depending on the basis of accounting used. This summary includes all revenues and transfers into a fund, and all expenditures (expenses) and transfers out of a fund. It also shows the other sources and uses of cash in those funds using full accrual accounting. *In short, it is the entire budget in a condensed format.* This section also contains the Resolution to adopt the Budget. Should the Mayor and City Council wish to change any aspect of this proposed Budget, they will need to adopt this Resolution subject to those specific changes.

The following section contains the Resolution Adopting the Financial Policies, which directs the financial operations of the City. These policies are reviewed each year to determine if any changes need to be made.

The next section contains a List of Authorized Personnel Positions funded by this Budget. This lists the budgeted positions within each department and division of the City. This assures that only this number of personnel can be employed unless changed by the City Council during the fiscal year.

Afterwards, we have the section which contains the Position Classification and Compensation (Pay) Plan. The Plan was developed from a Classification & Compensation study performed by the University of Georgia in 2019 and adopted with the FY 2022 budget. In the years between Plan updates, salaries and wages may be adjusted by a cost-of-living adjustment to offset inflation. There are five schedules: 1) for 40-hour per week hourly employees, 2) for salaried employees, 3) for firefighters on the "24 hours on/ 48 hours off" schedule, 4) for non-salaried police officers who work a 43-hour per week schedule, and 5) for 40-hour weekly electric department employees.

Following that are sections for each one of the thirteen funds.

After all funds are presented, there are two remaining sections. They provide the following information:

1) The Existing Debt Service Schedule for All Funds. Currently, the City of Sandersville has two outstanding loan obligations in the General Fund and four GEFA loans in the water and sewer system. The City is also paying interest to USDA on three Water & Sewer Revenue Bonds for projects to be completed in FY 2022. That is the extent of the City's indebtedness. These schedules show the amount of principal and interest due in each of the fiscal years until fully repaid for each individual debt instrument.

2) A Glossary of Terms used in governmental budgeting and accounting to assist the first-time reader. It should help clarify new terms that may not be familiar to the reader.

December 20, 2021

Honorable Mayor and City Council City of Sandersville 141 West Haynes Street City of Sandersville, Georgia 31082

Re: Budget Message and Transmittal of the Proposed Budget for Fiscal Year 2022

Ladies and Gentlemen:

Transmitted herein for your consideration is the City Sandersville's proposed budget for the fiscal year 2022 (FY 2022). I would like to express appreciation to all City departments who contributed to the formulation of this budget. As a result of these efforts we present to you a balanced budget that meets all administrative and legal requirements. Our objective in the preparation of this budget was to meet the priorities established by the Mayor and City Council for the coming fiscal year and to continue to provide the highest quality of services to our citizens in a fiscally responsive manner.

As the City's financial and spending plan for the fiscal year, the adoption of the budget is one of the most important policy decisions made by the City Council each year. The budget document should provide useful information to elected officials and to the public. It identifies the revenues and expenditures necessary to maintain and in some areas improve the present levels of municipal services. As a planning tool the budget determines the priorities for service for the coming year, the staffing level of each service, the equipment and supplies to be purchased, and which major capital projects will be funded. The budget also serves as both an accounting tool and a management tool assuring that appropriations established by the governing body will not be exceeded while providing oversight and accountability in the disbursement of public funds.

Budget Assumptions

The FY 2022 Operating Budget is based upon the following assumptions. Should the City Council wish to change any of these assumptions, we would need to adjust the revenue or expenditure (expense) item accordingly.

• Assumes the Budget will be adopted, and accounted for, using generally accepted accounting principles, with Enterprise Funds budgeted and accounted for using full accrual

accounting similar to private businesses, and all other funds budgeted and accounted for using modified accrual accounting.

- Assumes that the City will meet the fund reserve targets established by the Mayor and City Council in the Financial Policies.
- Assumes the local economy will remain stable, with building permits and business license collections consistent with FY 2021, and growth remaining stable in sales taxes.
- Assumes that the rate of inflation will increase due to present market conditions and the current state of the economy.
- Revenues have been projected within the medium range, so that they are realistic and reflect the current local economy.
- Assumes the hiring of a full-time Lineman in the Electric Department and a full-time Street Maintenance Worker in Solid Waste Collection in the Public Works Department beginning January, 2022.
- Assumes there will be a 5.9% cost of living adjustment (COLA) to the City's pay plan and a 2% step increase for eligible employees during the 2022 fiscal year.
- Assumes that the life insurance benefit will be maintained at \$25,000 for each full-time permanent employee.
- Assumes that Workers' Compensation insurance premiums and expenses will remain constant at current levels.
- Assumes that Retirement Benefits will decrease from the City's current contribution level of 10.33% to 9.40% of payroll and, that the City's Retirement Plan will continue to require a 2% contribution from all newly hired employees after January 1, 2017.
- Assumes that the City will continue the availability of the POS health insurance plan that the is currently offered to employees with a \$2,000 deductible for all plan participants. The City will continue to fund 85% of the premium for individual coverage and 50% of the premium for family coverage.
- Assumes that the maximum deferred compensation match provided by the City to each employee will remain at 50% with a maximum of 3% of the employee's annual salary.
- Assumes that the City will continue to contract with GMA to provide the Firefighters Cancer Insurance including the lump sum cancer benefit and the long-term disability (income replacement) as required in the amount of \$3,450.

- Assumes that the City will execute a lease-purchase agreement in the estimated amount of \$1,375,000 for the purchase of Fire Apparatus Aerial Device for the City's Fire Department with payments made from 2019 SPLOST funds.
- Assumes that all Proprietary Funds will be self-supporting without assistance from the General Fund.
- Assumes that the City will transfer \$162,236 to the General Fund from the Water/Sewer Fund, \$353,023 to the General Fund from the Electric Fund, \$1,834 to the General Fund from the Telecom Fund, and \$38,738 from the Solid Waste Collection Fund to the General Fund for reimbursement of cost of services provided in the General Fund. Also assumes that the City will transfer \$142,562 to the CIP Fund from the Water/Sewer Fund, \$430,000 to the CIP Fund from the Electric Fund, and \$51,950 from the Telecom Fund to fund capital projects in each of these funds.

Transfer In	General	CIP	Water/Sewer	Electric	Telecom	SWC	Hotel/ Motel	
								TOTALS
Transfer Out								OUT
General								
CIP								
Water/ Sewer	\$ 162,236	\$ 142,562						\$ 304,798
Electric	\$ 353,023	\$ 430,000						\$ 783,023
Telecom	\$ 1,834	\$ 51,950						\$ 53,784
SW Collection	\$ 38,738							\$ 38,738
Hotel/ Motel Tax	\$ 15,000							
TOTALS IN	\$ 570,831	\$ 624,512	\$-	\$ -	\$-	\$ -	\$-	\$ 1,180,343

- Assumes that the City Council will adopt a roll back millage rate of 6.710 an increase of 0.008 mills, or .80% over the 6.702 mills adopted for FY 2021.
- Assumes there will be no increase in the City's current water and sewer rate schedule for residential and commercial customers in FY 2022.
- Assumes that the PCA component of the electric rates will be adjusted as necessary to accommodate the market demands on the City's electric fund. Assumes a normal winter and summer.
- Assumes that the City will commission a rate study to evaluate the current residential and commercial electric rates to determine if changes are warranted.
- Assumes that the City will continue to contract with Ryland Environmental for Solid Waste Collection for Commercial and Residential accounts for the next two years of the five-year contract period with the maximum annual increase of 5% as stated in the contract for service.
- Assumes no increase in the residential sanitation fees for leaf and limb pickup in FY 2022.

• Assumes the City Council will adopt an increase in the residential and commercial sanitation fees in FY 2022 as follows:

Residential Sanitation Rates Effective 1/1/22

* \$20.50 per month for 1st cart. \$13.30 per month for each additional cart.

Commercial Sanitation Rates Effective 1/1/22

* \$31.49 minimum charge for businesses with carts.

Commercial Container Sanitation Rates Effective 1/1/22					
<u>Pickups</u>	<u>4 yard</u>	<u>8 yard</u>			
1x/week	\$ 71.76	\$143.52			
2x/ week	\$143.52	\$287.04			
3x/ week	\$215.28	\$430.56			
4x/ week	\$287.04	\$574.08			
5x/ week	\$358.80	\$717.60			
Extra Pickups	\$ 45.00	\$ 60.00			

- Assumes that the City will continue to contract with M.W. Collins, Inc. to mulch and haul away the City's leaf and limb debris.
- Assumes that the City's occupation tax (business license) administrative fee, event permit fee for stationary and mobile events will remain the same in FY 2022.
- Assumes that the City will expend 40% of the Hotel/Motel Tax revenue to promote tourism with 40% of revenues collected allocated to the Washington County Chamber of Commerce and \$15,000 transferred to the General Fund to promote tourism.
- Assumes that the payment to the Washington County Chamber of Commerce from the City's General Fund will be continued at the same level as in FY 2021 of \$30,000.
- Assumes that the payments to the Washington County Recreation Department/ Senior Center, Rosa M. Tarbutton Library, DAR and Airport Authority will remain the same as in FY 2021.
- Assumes that the payment to the UGA Archway program will continue to be \$15,000.

Background

Much of Sandersville's economic success in past years can be directly attributed to the Kaolin industry which produces hundreds of products made from kaolin, a white, alumina-silicate clay. In more recent years Sandersville's industrial base has become more diversified with Trojan

Battery producing deep cycle batteries and employing 250 people and, with Duraline and Meltblown, manufacturers of plastic pipe, and most recently with our newest industry, Mawson Infrastructure Group, all of which are valuable assets in our community. In addition to industrial expansions, retail investments are continuing to locate to Sandersville with the development of several new businesses in recent years. To continue to encourage and facilitate retail development the City Council adopted a retail incentive plan and, in FY 2019 hired an employee to work in Economic Development to promote retail and business development within the City. Prior to COVID-19, in FY 2019 expanding employment opportunities resulted in continued improvements in the overall economy in Sandersville as the local labor market indicated with an unemployment rate that declined from 4.4% in 2018 to 3.4% in 2019. As in most cities around the country we have seen a significant decline in our commercial and industrial employment but more so in our service industry as a result of the coronavirus pandemic. Our 2020 unemployment rate increased from 3.4% in 2019 to 5.2% and is currently at 5.1% in 2021compared to the current National rate of 6% and the State of Georgia rate of 3.1%.

In the General Fund, as in the last several years, LOST (local option sales tax) revenues have continued to improve despite COVID-19 and the continued increase in the unemployment rate. The ad valorem tax digest experienced increases in the net digest every year from 2015 to 2020 when the net digest declined by \$2.5 million, or 1.12%, primarily from the decrease in value of real and personal property. In 2018, due to 1.34% growth in the digest the millage rate was rolled back to 5.635. In 2019, the City Council authorized the Carl Vinson Institute of Government at the University of Georgia to conduct a pay study for all authorized positions within the City. Particular areas of concern included the Police Department and the Electric Department where the City competes against other agencies to fill vacancies. To fund the recommended increase in salaries in the General Fund in FY 2020 the City Council adopted a one mill millage rate increase from 5.635 to 6.635. As a result of the decline in the gross digest the Council adopted the rollback rate of 6.702 in FY 2021 and 6.710 in FY 2022. In FY 2022, we will continue to be proactive in economic development and in the recruitment of new industry and commercial development to support the continued growth in our City's economy. We carefully plan our investments in water, sewer, electricity, and roads, in our community in order to position us to capitalize on our investments and to aggressively solicit new industrial prospects and opportunities that will ensure our economic vitality in the future.

Although Sandersville offers an excellent quality of life for area residents and visitors with a low crime rate managed by our State Certified Police Department, exceptional fire protection services with an ISO rating of Class 3, dependable electric service and the availability of quality water and sewer resources, we are not immune to the economic pressures and challenges experienced by the rest of our state and the nation. While the City budgets revenues conservatively and monitors budgets closely to absorb the impact of increased expenses and declining revenues we continue to have concerns about the sustained increase in the unemployment rate, the impact of covid-19 and legislation adopted by the Federal Government and Georgia General Assembly that impacts revenue sources and mandates unfunded programs. In FY 2020, the City received \$282,625 from CARES funding provided by the Federal Government to the State of Georgia. These funds were used to pay salaries for public safety employees and for employees who were sent home with COVID-19 and had no leave time available and also to provide much needed funds to our local hospital for the purchase of COVID-19 test supplies. In FY 2021, the City received \$1,008,092

from the Federal Government American Rescue Plan Act (ARPA). These funds will be used in FY 2022 to replace a well that is out of service, provide premium pay for essential employees and make repairs to the City Hall customer drive in window. In FY 2022 the City will expend \$952,620 to provide health insurance to 92 employees. As the cost of health care and other employee benefits continues to increase the City proactively seeks alternative methods for providing these benefits and ways to address the escalating cost. To address these budget challenges the City will continue to budget conservatively and adhere to sound financial policies to ensure that we remain financially stable. In FY 2021 the City will continue to focus on maintaining a healthy and expanding economic base supported by superior infrastructure in order to attract and retain quality employers. Expanding economic activity translates into growing needs for quality support services including improved transportation, water and sewer, electricity, solid waste, and public safety services. To effectively respond to growth and the increased demand for services with the continuing decline of revenues the City will have to proactively plan in order to meet the challenges for financing major public works and utilities improvements. The funding initiatives in this proposed Budget attempt to address many of these challenges.

Future Initiatives

In November 2019, the voters of Washington County approved a referendum to continue the collection of the 1% sales tax which provides the necessary revenue for capital projects, many of which could not be funded without these SPLOST funds. Continued investments in water, sewer, electricity and roads in our community are vital to our success in attracting quality employers and just as important in the retention and expansion of the industries that we already have. SPLOST funds will provide the City with an estimated \$3.06 million in funding for these capital projects for FY 2022 - FY 2027. During this period the City will continue to invest in infrastructure while funding a scheduled preventative maintenance program for vehicles, facilities and equipment. One of the most visible and costly of the traditional government services is public safety (police and fire) consuming 46.1% of the City's general fund budget. With the continued support of tax revenue for equipment and training our Police and Fire Departments will maintain State Certification and a Class 3 ISO rating, both of which have reduced our risk and prepared us to better serve and protect the citizens of our City.

In FY 2022, the 2019 Special Purpose Local Option Sales Tax (SPLOST) will fund the scheduled replacement of police vehicles and conversions in the amount of \$233,972 and the replacement of a vehicle for Community Development in the amount of \$30,305. Fire Department projects to be funded with 2019 SPLOST in FY 2022 include the purchase of a Fire Apparatus Aerial Device in the amount of \$1,375,000 in addition to the purchase of SCBA equipment in the amount of \$124,840 and other equipment totaling \$54,758. SPLOST in the amount of \$90,000 will fund the addition of a new bay at the Fleet Maintenance shop and \$85,000 will be used to build a new equipment shed for the Street Department. An additional \$85,000 will fund the replacement of a 2010 JCB backhoe for Public Works Construction in FY 2022 while \$35,000 will fund the replacement of a 2009 Ford F150 in the City's Cemetery Department and \$150,000 will be used to purchase a knuckle boom loader in the Solid Waste Collection Department.

Other capital projects in FY 2022 include \$61,100 to upgrade a fixed generator for the Fire Department, CDBG and matching funds in the amount of \$810,562 for stormwater improvements

in the Tybee Community, the completion of USDA funded projects at the South Water Treatment Plant and the Anderson Drive Area in the amount of \$425,808, the extension of water service to a proposed residential development on West Haynes Street in the amount of \$1,331,095, the purchase of equipment in the Electric Fund in the amount of \$455,000 and the purchase of a Ford F150 truck in the Telecom Fund in the amount of \$51,950.

In 2019 the City submitted an application to the Georgia Department of Transportation for a TAP (Transportation Alternatives Program) Grant in the amount of \$3,978,453 with a City match of \$795,691 to fund street improvements including sidewalks and underground utilities for five streets in downtown Sandersville. TAP funds for engineering these projects in the amount of \$363,892 including a 20% match of \$72,778 has been awarded to the City and budgeted in TSPLOST for FY 2021.

Our City leadership has been proactive in financing major upgrades to infrastructure which provide quality water and sewer resources and improved transportation throughout the City. In FY 2016, the City Council executed a letter of conditions with the USDA for funding to payoff and consolidate current water and sewer debt and to finance an additional \$15.1 million for new water and sewer expansions and upgrades. In FY 2022, \$425,808 in USDA funds will be used to complete the reconstruction of the South Water Treatment Plant and the extension of water and sewer services on Anderson Drive.

In 2012, the voters of Sandersville, Washington County and other local governments in the Central Savannah Regional Area approved a regional 1% transportation SPLOST in which 75% of the funding will be used for a pre-determined list of priority projects in the region while the remaining 25% will be provided to the local governments in the region as discretionary funds to be used on their individual transportation projects. A Transportation Fund was established in the FY 2013 budget to account for the receipt and disbursement of these funds as well as LMIG (Local Maintenance and Improvement Grant) funds from the Georgia Department of Transportation. In 2020 the voters of the CSRA approved an extension of the TSPLOST to fund regional projects for the next six years. In FY 2022 - 2027 LMIG and TSPLOST funds in the amount of \$90,000 and \$168,000 respectively, each fiscal year will fund the City's street repaving/ milling and resurfacing program in addition to future capital street projects throughout Sandersville.

Outside Agencies

Other agencies are impacted by the City of Sandersville's Budget including the Sandersville Downtown Development Authority (DDA), the Washington County Chamber of Commerce, the Washington County Historical Society, the Washington County Recreation Department/ Senior Center, the Washington County Airport Authority and the Rosa M. Tarbutton Library.

Impact of Capital Improvements on the Operating Budget

In this budget process, our goal has been to respond to the needs of a thriving City while funding the priorities established by the City Council to respond to those needs. We believe this capital budget addresses the limited revenue base along with increasing demands for services and aging infrastructure in a fiscally responsive manner. The capital improvements recommended in the FY 2022 Budget will have differing effects on the operating side of the Budget. The infrastructure improvements (streets, drainage, and sidewalks), primarily funded by SPLOST TSPLOST, will increase our maintenance and operating costs over time. However, the increased value to the tax base that will be generated should offset these costs. If properly constructed and inspected this infrastructure should not require considerable maintenance for a number of years.

The vehicle and equipment purchases are all for routine replacement of older, worn out equipment that have outlived useful life. These purchases will decrease the operating expenses to maintain these capital assets; however, this decrease will likely be offset by the increased cost to insure the newer vehicles and equipment. The direct impact on the operating budget of each capital project is presented on the reverse side of each project sheet in the Capital Improvements Budget.

Conclusion

The FY 2022 budget considers current economic conditions such as the impact of COVID-19 on the economy particularly in the collection of sales tax in the general fund and in the capital budget while also reviewing historic data and revenue trends. Generally conservative financial policies were taken into consideration in projecting revenues for all funds as well as other local and broader economic indicators that will influence the revenue stream. On the expense side, every effort was made to reduce cost while continuing to provide efficient quality services to our tax payers and customers. The City of Sandersville's FY 2022 operating and capital budgets exceed \$45.5 million, an increase of 84.2% from the \$24.7 million budget adopted in FY 2021. This increase is mostly related to a new industrial electric customer. The City's General Fund budget increased by 7.5% from \$5,644,637 in FY 2021 to \$6,067,942 FY 2022. The budget process is challenging every year and always requires difficult decisions to be made. The FY 2022 budget provides for one additional full-time lineman position in the City's Electric Department and for one additional full-time cemetery maintenance worker in the Public Works Department. There are no rate increases for customers in the City's Water and Sewer Fund or Electric Fund; however, there will be a rate increase for residential and commercial customers in the Solid Waste Collection Fund to absorb the additional cost from our service provider for this service in 2022.

The General Fund, the second largest of the City's 13 funds comprising 15.5% or \$6.1 million of the total operating budget, funds the traditional government services such as Community Development, Public Safety, and Public Works. The FY 2022 budget as presented continues to provide these crucial services to our population while still maintaining one of the lowest millage rates in the state, at 6.710 mills. The City's enterprise funds, Water/ Sewer, Electric, Solid Waste and Telecom have operating budgets of \$2,198,074, \$28,738,800, \$1,062,838 and \$236,243 respectively. Our SPLOST and TSPLOST Funds along with our Capital Improvements Program Fund present a 6-year plan for the acquisition, expansion and maintenance of the City's major assets totaling \$13.2 million in FY 2022. In the preparation of this FY 2022 budget every effort has been made to continue to improve service levels, reduce taxes and improve the financial integrity of the City.

In FY 2022, in addition to completing the USDA infrastructure projects, the City plans to continue with the re-development of our Downtown including welcoming a new restaurant to East Haynes Street, adding electric vehicle charging stations to the newly developed downtown parking

lot and two electronic message boards on the Fall Line Freeway to promote all of our businesses all while also moving forward with the TAP funded upgrades to Gilmore Street, Smith Street, Church Street, Gilmore Street and Jernigan Street. Also in FY 2022, the City will complete a housing study to determine the need for middle income housing and a Public Safety location study to make future plans for the growth and development of our City's Police Department and Fire Department.

The City of Sandersville is dedicated to improving the quality of life for our residents while still maintaining the financial integrity of the City. We will continue to strive to keep our fees and millage rate low through prudent fiscal spending and by searching for alternative sources of revenue. We will work to provide our citizens with better government, not more government. We encourage our citizens to become involved in our local government by attending council meetings, participating in our citizen volunteer boards, and visiting our web site often at www.sandersvillega.org for updates on our City government.

I would like to express appreciation to city department managers for their participation and cooperation in preparing the FY 2022 Budget and Capital Improvements Plan. Every department made efforts to cut expenditures while pledging to continue to maintain exceptionally high levels of service to our citizens. I would also like to thank our City Finance Officer Brianna Wiley and Accounting Assistant Leslie Williams for the numerous hours of staff time that have gone into the preparation of this budget. They are to be commended for their work. The preparation of this year's Budget and CIP as always, was a team effort. Finally, I would like to thank the Mayor and City Council for your support during this budget process.

Copies of the proposed Budget and Capital Improvements Program will be on file in the City Clerk's Office and on the City's web site at <u>www.sandersvillega.org</u>. The public hearing on the Budget was held on December 13, 2021. Adoption of the Budget Resolution will be on the December 20, 2021 City Council agenda with an effective date of January 1, 2022, subject to any changes that you might make in its adoption.

Please let me know if I can provide any further information as you review this proposed Budget and Capital Improvements Program.

Respectfully submitted,

Judy M. McCorkle City Administrator

City of Sandersville Goals - FY 2022

With each budget cycle the City continues to address the challenge of providing quality services to our residents with increasingly limited resources and we will continue to make every effort to improve service levels, reduce taxes and improve the financial integrity of the City of Sandersville. To accomplish the vision established by the Mayor and City Council of the City of Sandersville the FY 2022 budget links developed organizational goals and objectives with the financial resources available to fund them. The following goals and objectives have been developed by each City department for FY 2022.

Departmental Goals and Objectives

Administration

Goal: Improve the City's overall financial condition.

Objectives:

- 1. Prepare and administer a fiscally conservative operating and capital budget that stays within available resources. Build up the reserve funds to the targeted level in each fund.
- 2. Prepare accurate monthly financial reports for the governing body and management, so that decision-makers have timely financial information.
- 3. Obtain an unqualified (clean) audit opinion, and prepare a Comprehensive Annual Finance Report.
- 4. Continue to reduce the outstanding debt of the City, while incurring only a limited amount of new indebtedness.
- 5. Continue to aggressively collect all property taxes due, using tax lien sales as needed.
- 6. Continue to aggressively collect overdue utility bills, using account termination and collection agencies as needed.
- 7. Perform an audit of the hotel/motel operators to assure compliance with the hotel/motel tax ordinance and an audit of our utility franchisees to assure compliance with the franchise terms and payments.
- 8. Continue to monitor internal controls so that all funds are properly received and accounted for.
- 9. Adopt and implement a Purchasing Policies and Procedures Manual to assure budgetary compliance, and best pricing.
- 10. Monitor the City's property damage claims and implement incentives to reduce at-fault incidents from prior years.

Goal: Improve the City's capacity to provide quality customer service.

Objectives:

- 1. Complete the implementation of an AMR (automated meter reading) system to improve efficiency and keep the number of misreads on utility accounts at a minimum.
- 2. Correct billing errors within a 24-hour time period.
- 3. Control fraudulent account set ups by customers where possible.
- 4. Remain aggressive with all collection accounts.
- 5. Provide alternative means of service delivery to customers during COVID-19.

Goal: Improve the City's records retention program.

Objectives:

- 1. Implement a system to scan all City records into a digitized, searchable database.
- 2. Continue to reduce paper copies whenever possible by using the server storage capability and making all City records available in an electronic format.
- 3. Destroy all records that have surpassed the City's adopted records retention schedule or that have been scanned and are not of historical value.

Goal: Assure that the City maintains a good work environment and has a competitive salary and fringe benefits structure to recruit and retain qualified employees.

Objectives:

- 1. Administer the Personnel Policies and Procedures Manual (Employee Handbook) which was adopted in December, 2013 in a fair, impartial manner.
- 2. Continue to recruit broadly to obtain a workforce that resembles the community.
- 3. Seek alternative means for providing quality health insurance benefits in order to reduce cost incurred by the City and by the employee.
- 4. Monitor the City's workers compensation claims and implement incentives to reduce higher claims from prior years.

Economic Development

Goal: Seek new economic development opportunities.

Objectives:

- 1. Research new business opportunities and develop incentives to encourage companies to expand or build in the City.
- 2. Recruit prospective businesses for vacant commercial properties.

Planning & Building Inspections Department

Goal: To proactively plan for the growth of the community.

Objectives:

- 1. Ensure follow through and compliance with the City's Comprehensive Plan.
- 2. Seek new opportunities for subdivision development.
- 3. Seek new opportunities for annexation of properties suitable for subdivision development.

Goal: Continue to deal effectively with the development community, while assuring that the City's development objectives are met.

Objectives:

- 1. Review subdivision plats and resolve any issues in a timely manner.
- 2. Continue to provide clear schedule deadlines for the Planning Commission submittals, public hearing advertisement requirements, and City Council public hearing dates.
- 3. Meet with developers before they begin design so that they are clearly informed of our criteria.
- 4. Meet with developers and others on rezoning requests and variance requests so that they understand possible compatibility issues.

Goal: Continue to encourage the development of housing ownership options for low- and moderate-income citizens while also seeking options for middle -upper income families. Objectives:

- 1. Take the necessary steps to develop a Land Bank Authority to provide buildable city lots for the City and recruit non-profit organizations to provide assistance to low and moderate income citizens.
- 2. Seek vacant property to promote affordable housing opportunities.
- 3. Continue participation in the CHIP program.
- 4. Locate areas for middle upper income family subdivisions.

Goal: Improve the physical condition of all neighborhoods by making Code Enforcement more effective.

Objectives:

- 1. Identify all structures that are deteriorated and dilapidated, and notify the owners that they must be brought up to the minimum housing code or be demolished through the Unfit Housing Ordinance.
- 2. Identify all lots and tracts that need to be maintained and notify the owners that these nuisances must be removed.
- 3. Identify all junked or abandoned vehicles on lots and tracts, and notify the owners that these nuisances must be removed.
- 4. Seek funding sources for property nuisance abatement.
- 5. Implement a Citizen Complaint Form

Goal: Update the Zoning Ordinance to more current standards to meet the needs of the City and the citizens.

Objectives:

- 1. Continue Zoning Ordinance updates and changes to recommend for action by the Planning Commission and adoption by the City Council.
- 2. Create a Multi-Use zoning district in the downtown area

Police Department

Goal: Decrease the amount of traffic accidents within the City.

Objectives:

- 1. Provide planned license check points for safety enhancement within the community.
- 2. Conduct traffic operations at specific locations and during special dates and events to apprehend DUI offenders.
- 3. Encourage continued Community Policing through officer's participation in community events that provide training in proper car seat usage for parents.
- 4. Expand officers' skills and abilities for vehicle collision investigation.

Goal: Decrease the amount of drug-related crime within the City.

Objectives:

1. Encourage and develop community meetings and sustainable "neighborhood watch" programs to stimulate community involvement in order to combat illegal drug sales, drug use and gang activity.

- 2. Continue to utilize the Crime Suppression Unit in selected locations to conduct traffic enforcement, license check points and strategic patrols.
- 3. The detectives will develop informants and orchestrate planned meetings with those informants in order to conduct search warrants in those known locations for drug activities.
- 4. Continue to research effective techniques to deter gang activity.

Goal: Decrease the amount of crime related to physical assaults.

Objectives:

- 1. Continue working with DFACS and other agencies to identify and prosecute cases of physical abuse.
- 2. Continue to aggressively apprehend and prosecute offenders that commit physical assaults.
- 3. Research through the Police Data Base incidents concerning domestic abuse and ensure all information concerning assistance is given and follow up in order to deter recidivism.

Goal: Continue to maintain high professional standards and improve the morale of the department.

Objectives:

- 1. Develop and implement safe practices during the current COVID-19 pandemic to allow the department to continue to provide quality service while responding to calls for service.
- 2. Support all efforts of the designated Certification Manager through the maintenance of files and documents for certification compliance.
- 3. Continue in-house training program on all operating policies and procedures required to maintain the status as a Georgia Certified Police Department.
- 4. Research defensive tactic training for all officers.
- 5. Prepare for the "on-site" assessment in order to be recertified as a Georgia Certified Law Enforcement Agency.

<u>Animal Shelter</u>

Goal: Improve the Animal Control officer's professional knowledge and skills level.

Objectives:

- 1. Research and implement best practices for effective service delivery during the current pandemic (COVID-19).
- 2. Animal Control officers will attend Animal Control training from the National Standards level that enhance our ability during the current pandemic (COVID-19).
- 3. Continually re-evaluate Animal Control policies and procedures for dog and cat management in order to implement and utilize best practices.

Goal: Maintain a reasonable adoption rate for Dogs and Cats.

Objectives:

- 1. Notify the public of the availability of cats and dogs that are ready for adoption by media, web-sites, Facebook and hand-out literature at the Animal Shelter.
- 2. Continue to participate in scheduled events that will increase the community awareness of cats and dogs that are ready for adoption.
- 3. Schedule off-site adoption events to provide the public more accessibility to both cats and dogs available for adoption.

4. Research and negotiate the transfer and adoption of cats and dogs with other humane and adoption agencies that have demonstrated professional care and treatment of domestic animals.

Goal: Increase citizens and community visits to the shelter to promote awareness. Objectives:

- 1. Encourage citizens to visit the Animal Shelter by hosting activities that are interesting. Use advertisements, media and internet to communicate activities hosted at the Animal Shelter.
- 2. Encourage citizens to participate in tours of the Animal Shelter Facility.

Goal: Implement effective Animal Control service throughout Washington County

Objectives:

- 1. Continue to work with Washington County to provide effective service delivery for calls regarding stray cats and dogs throughout the County.
- 2. Provide effective training that will allow the Animal Control Officers to handle any issue concerning the stray population of cats and dogs county wide.

Fire Department

Goal: Maintain Response Vehicles and Equipment at a high level of readiness.

Objectives:

- 1. Replace worn and damaged personal protective equipment such as coat, pant, boots, and helmets on an annual replacement program.
- 2. Replace expired Breathing Air Bottles.
- 3. Replace existing 25 kw generator with a 125 kw generator.
- 4. Replace remainder of breathing apparatus that is over 21 years old.
- 5. Replace 20% of fire hose that is older than 10 years old per year.

Goal: Maintain the Volunteer Firefighter Roster at 100%

Objectives:

- 1. Continue to maintain Volunteer Firefighter Participation by using the State Pension Fund Rules of minimum participation requirements needed to stay on the roster.
- 2. Maintain Volunteer recruitment by continuing to offer a per call/activity pay, membership in the Georgia Firefighters Association, and access to joining the Georgia Firefighters Pension Fund.
- 3. Offer access to the Armed Forces Benefit Fund free life insurance policy.
- 4. Maintain an ongoing public awareness of the need for Volunteer Firefighters.

Goal: Maintain training and participation levels as required by the State of Georgia and the Sandersville Fire Dept.

- 1. All Firefighters, fulltime and volunteer, will train a minimum of 24 hours annually to maintain their State Certifications.
- 2. All Firefighters will maintain a 50% participation rate using the State Pension Fund formula.

- 3. Offer additional training opportunities for all Firefighters beyond the 1st & 3rd Wednesday night fire drills to get personnel trained and certified to their level of responsibility.
- 4. Coordinate with GPSTC to get in-house training for Fire Department personnel.
- 5. Repair training building deficiencies for safety and usefulness.

Goal: Ensure that there is always two full-time Firefighters on duty.

Objectives:

- 1. Increase the response level of off duty personnel to working fires by maintaining the FY 2020 additional Firefighter position on the full-time roster to cover shifts that are short due to other Firefighters being on vacation or out due to sickness.
- 2. Increase the full time roster by 2 positions and move the current day firefighter to shift work.
- 3. Add full-time training officer to keep training consistent across all shifts and volunteers.

Goal: Continue to build Create a Community Risk Reduction Program.

Objectives:

- 1. Provide more community classes for CPR, fire extinguishers and weather.
- 2. Host a fire prevention open house during Fire Prevention Week.
- 3. Research obtaining a state "fire safe" designation, if available.
- 4. Provide for the placement of AED (Automated External Defibrillators) in all Sandersville Fire Department and Police Department emergency vehicles and in City buildings through fund raisers and donations.

Public Works Department- Administration

Goal: Provide Assistance to Employees and Customers on a Daily Basis.

Objectives:

- 1. Maintain and track customer work orders.
- 2. Review employee time records and documents.
- 3. Administer utility locates and transfer information to various departments.
- 4. Keep records of environmental reports and other documents.
- 5. Maintain GPS data base and GIS tracking system of vehicle traffic.
- 6. Distribute general work directives to supervisors and junior employees.
- 7. Hold meetings with technical professionals, environmental staff, construction staff, and members of the community.
- 8. Work with the administration of all projects and provide general oversight as required.
- 9. Maintain the operating budget for all Public Works Departments.

Public Works Department -Streets

Goal: Improve Handicap Accessibility

- 1. Use sidewalk grinding services to make sidewalks safe for handicap traffic.
- 2. Seek funding of sidewalk from Hunter's Run Apartments to Dollar General on M. Friedman Drive.

- 3. Repair sidewalks as needed.
- 4. Respond to customer complaints in a timely manner.

Goal: Completion of Downtown Master Plan

Objectives:

1. We will work with the quickest timeline possible for the completion of the TAP Projects which currently includes streetscape projects on five downtown city streets. However, two of those streets may be pulled from the TAP Program and funded with other means.

Goal: Community Development Block Grant Tybee Community

Objectives:

- 1. Completion of a CDBG Project in the Tybee Community to address flooding and drainage.
- 2. Refinish Hines Street when project is complete.

Goal: Maintenance of Disc Golf Course

Objectives:

- 1. Maintain grounds and trails for new disc golf course.
- 2. Inspect equipment for vandalism and damage.
- 3. Work with recreation department on special events at disc golf course.

Public Works Department- Fleet Maintenance

Goal: Reduce Vehicle and Equipment Failures

Objectives:

- 1. Use GIS tracking on all employee vehicles for monitoring by supervisors and department head.
- 2. Enforcement of daily vehicle check sheets.
- 3. Spot checks of all vehicles and equipment.
- 4. Construct a new bay onto the existing shop to increase capacity of the shop.

Public Works Department- Parks & Cemetery

Goal: Maintenance and Care of the New Paul Thiele Park

Objectives:

- 1. Work with contractor on upkeep of Paul Thiele Park.
- 2. Work with the scheduling of special events that take place in the new park.
- 3. Planting of seasonal flowers in park as required.

Public Works Department- Solid Waste Collection

Goal: Increased Customer Satisfaction Through Education

- 1. Increased communication to the public to educate them on the proper methods of garbage disposal.
- 2. Promote education on proper methods of recycling.
- 3. Reduce amounts of mixed waste and code enforcement complaints

Public Works Department- Water and Wastewater

Goal: Update Existing Water Treatment Plant

Objectives:

- 1. Demolish the existing South Water Plant.
- 2. Place the new South Station Water Plant online.
- 3. Integrate the new treatment plant with the water system and SCADA system.

Goal: Replace Well #7 with New Well

Objectives:

- 1. Locate a suitable site for the new well.
- 2. Performed test drills and determine quality for use as a new well.
- 3. Drill new well and install piping and electrical. Tie to SCADA system.
- 4. Install backup generator.

Goal: Install New Well for Extra Capacity

Objectives:

- 1. Locate a suitable site for the new well.
- 2. Performed test drills and determine quality for use as a new well.
- 3. Drill new well and install piping and electrical. Tie to SCADA system.
- 4. Install backup generator.

Goal: Install Elevated Water Tank

Objectives:

- 1. Locate a proper site that will work with the required pressure and access to piping.
- 2. Begin construction of elevated tank.
- 3. Disinfect tank prior to use.
- 4. Connect to SCADA system.

Goal: Eliminate Bottlenecks in Water System and Loop Feed System

Objectives:

- 1. Connect larger lines together so that larger lines to feed from one zone to another.
- 2. Replace smaller lines with larger lines to increase system pressure.

Goal: Increase Capacity of Wastewater Treatment Plant

- 1. Install a fourth clarifier to the system.
- 2. Install a second digester to the system.
- 3. Construct a carousel aeration basin on-site. Once placed online, demolish the existing aeration basin and build a second carousel system.
 - 4. Build a new control building/laboratory.
 - 5. Obtain a waste load allocation prior to construction.

Electric Department

Goal: Continue to operate the City's Electric system in compliance with all federal and state regulations in order to provide service to new and existing customers while avoiding any serious injuries or property damage.

Objectives:

- 1. Educate the public on conservation methods to reduce utility bills and promote a more energy efficient environment.
- 2. Continue to provide systematic training in operations and safety for all Electric employees.
- 3. Have no serious accidents during the year.
- 4. Continue to participate in the Municipal Electric Authority of Georgia (MEAG) for the purchase of power and in the Electric Cities of Georgia (ECG) for marketing and other support in the electric industry.

Goal: Expand this system in the most desirable locations to maximize both service and profitability.

Objectives:

- 1. Market the City's electric service to new residential customers and proposed commercial and industrial developments.
- 2. Continue to install services to new residential subdivisions and commercial developments.
- 3. Identify those areas within the City's electric territory that are without service for future expansion.
- 4. Expand services provided to "Project Sonic" located in Fall Line Industrial Park.

Goal: Provide the best possible service to our customers from a well maintained electric system with reliable power.

Objectives:

- 1. To have property trained employees with reliable equipment.
- 2. To meter all unmetered City owned facilities.
- 3. To continue our tree trimming program throughout the City with contract labor to minimize power outages, provide for a safer environment and lower overtime expenses.
- 4. To convert more overhead and telecom lines to underground and install decorative lighting where economically and aesthetically practical.
- 5. To improve service delivery with the replacement of a 2005 pickup truck with a more environmentally friendly hybrid vehicle.

Telecom Department

Goal: Upgrade the City's Fiber Infrastructure.

Objectives:

1. Work with a consultant to upgrade the City's fiber infrastructure map and determine the cost to upgrade the infrastructure of the system.

Goal: Provide dependable service to our customers through a well maintained reliable telecom system that operates in a secure environment.

Objectives:

- 1. Determine the most cost efficient means of making reliable Telecom services available to our customers either by the City or through a partnership with a preferred provider.
- 2. Continue routine maintenance and scheduled replacement of our equipment.

Long Term Goals

The City's short term goals and objectives are linked to five long term goals established by the Mayor and City Council. They are:

- 1. Protect and improve the financial integrity of the City.
- 2. Maintain a safe and secure environment for our citizens and their property.
- 3. Provide excellent customer service in all service areas.
- 4. Encourage economic development and growth in our community.
- 5. Promote a healthy quality of life by being good stewards of our environmental resources.

ALIGNING SHORT TERM GOALS WITH LONG TERM GOALS

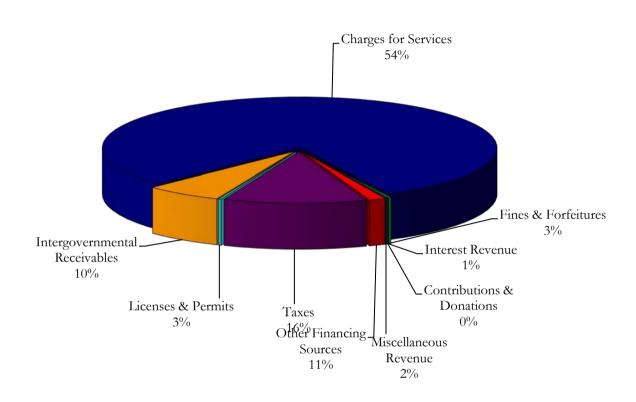

DEPARTMENT	SHORT TERM GOAL						
Administration	Inprove the City's overall financial condition Improve the City's capacity to provide quality customer service.	Х		Х			
	 Improve the City's records retention program. 			X			
	4. Maintain a good work environment with a competitive salary and	Х					
Economic	fringe benefits structure to recruit and retain qualified employees. 1. Seek new economic development opportunities				Х		
Development							
Planning &	1. Proactively plan for the growth of the community.				X		
Building Inspections	Deal effectively with the development community while assuring that the City's development objectives are met.				Х		
	3. Enhance the availability of parking in the downtown area.				Х		
	4. Encourage the development of housing ownership options for low				Х		
	and moderate income citizens 5. Improve the physical condition of all neighborhoods; make						
	code enforcement more effective		Х				
D. 11. D.	6. Update City's Zoning Ordinance to more current standards.				Х		
Police Department	 Decrease the amount of traffic accidents within the City. Decrease the amount of drug-related crime within the City. 		X X				
	3. Decrease the amount of drug rotated terms whilm the city.		X				
	4. Continue to maintain high professional standards and improve the		Х				
Animal Shelter	morale of the department. 1. Improve Animal Control officers' professional knowledge			Х			
	and skills level.						
	2. Maintain a reasonable adoption rate of Dogs and Cats.			X			
	 Increase citizen and community visits to the shelter. Implement effective animal control service in Washington Co. 			X X			
Fire Department	1. Maintain response vehicles and equipment at a hight level of readiness		Х				
	2. Maintain Volunteer Firefighter Roster at 100%.		X				
	 Maintain training and participation levels as required by the State of Georgia and the Sandersville Fire Department 		Х				
	4. Ensure there is always two full time firefighters on duty.		Х

Public Works Administration	1. Provide quality assistance to employees and customers.			Х			
Streets	1. Improve handicap accessibility.		Х				
	2. Complete Downtown Master Plan.		Х		Х		
	 Complete CDBG project - Tybee Community. Maintain Disc Golf Course. 		А		Х		
Fleet Maintenance	1. Reduce vehicle and equipment failures.	Х					
Parks & Cemetery	1. Maintain City's Parks & Cemeteries.					X	
Solid Waste Collection	 Maintain a healthy environment with removal and disposal of garbage, yard waste, and other debris. 					Х	
Water and	1. Maintain the City's Water & Sewer Infrastructure					Х	
Wastewater	 Provide excellent operation of the City's Wastewater Treatment Plant. Reduce the amount of infiltration and inflow into the wastewater collection system. 					X X	
Electric Department	Operate the City's Electric system in compliance with Federal and State regulations to provide service to customers without injuries or property		Х				
	damage. 2. Expand the system in the most desirable locations to maximize service				Х		
	and profitability. 3. Provide dependable service to our customers from a well maintained alectric system			Х			
Telecom	electric system. 1. Upgrade the City's Fiber service.				Х		
Department	2. Provide dependable service to customers with a reliable system that			Х			
	operates in a secure environment.						

City of Sandersville Summary of All Funds

This section consists of a consolidated summary of all funds used to provide city services. The revenue sources and expenditures of the City of Sandersville may be more easily understood by reviewing the charts on the next pages. Also included in this section are three-year budget spreadsheets (FY 2020 actual, FY 2021 budgeted, and FY 2022 recommended budgets) for each of the fund categories.

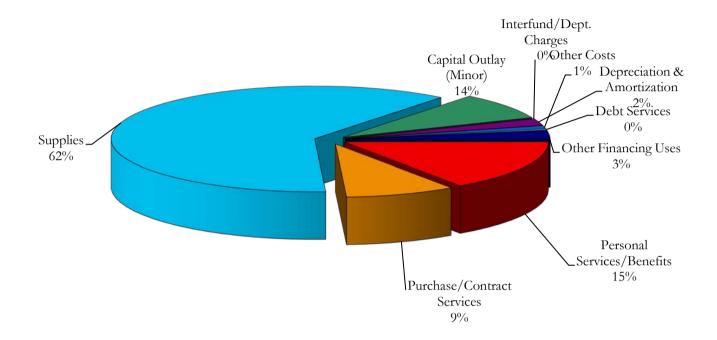

Please see the individual tabs for detailed budget information and the services provided by the various funds.

RESOLUTION #2021-38 A RESOLUTION TO ADOPT THE FISCAL YEAR 2022 BUDGET FOR EACH FUND OF THE CITY OF SANDERSVILLE, GEORGIA, APPROPRIATING THE AMOUNTS SHOWN IN EACH BUDGET AS EXPENDITURES/EXPENSES, ADOPTING THE SEVERAL ITEMS OF REVENUE ANTICIPATIONS, AND PROHIBITING EXPENDITURES OR EXPENSES FROM EXCEEDING THE ACTUAL FUNDING AVAILABLE FOR APPROPRIATION

WHEREAS, Title 36, Chapter 81, Article 1 of the Official Code of Georgia Annotated (OCGA) requires a balanced Budget for the City's fiscal year, which runs from January 1st to December 31st of each year; and

WHEREAS, the Mayor and City Council have reviewed the proposed FY 2022 Budget as presented by the City Administrator; and

WHEREAS, each of these funds is a balanced budget, so that anticipated revenues and other financial resources for each fund equal the proposed expenditures or expenses; and

WHEREAS, the advertised public hearing has been held on the FY 2022 proposed Budget as required by Federal, State and local laws and regulations; and

WHEREAS, the Mayor and City Council wish to adopt this proposal as the Fiscal Year 2022 Annual Budget and Capital Improvements Plan;

NOW THEREFORE, BE IT RESOLVED by the Mayor and City Council of the City of Sandersville, Georgia as follows:

Section 1. The proposed Fiscal Year 2022 Budget, attached hereto and incorporated herein as a part of this Resolution, is hereby adopted as the Budget for the City of Sandersville, Georgia for Fiscal Year 2022, which begins January 1, 2022 and ends December 31st, 2022.

Section 2. The several items of revenues, other financial resources, and sources of cash shown in the budget for each fund in the amounts shown anticipated are hereby adopted, and that the several amounts shown in the budget for each fund as proposed expenditures or expenses, and uses of cash are hereby appropriated to the departments named in each fund.

Section 3. The "legal level of control" as defined in OCGA 36-81-2 is set at the departmental level, meaning that the City Administrator in her capacity as Budget Officer is authorized to move appropriations from one line item to another within a department, but under no circumstances may expenditures or expenses exceed the amount appropriated for a department without a further Budget amendment approved by the Mayor and City Council.

Section 4. All appropriations shall lapse at the end of the fiscal year.

Section 5. The Authorized Personnel by department and division shown in this Budget are hereby formally adopted as the number of authorized positions within each department and division, until and unless amended by resolution of the Mayor and City Council.

Section 6. The Proposed Pay Plan for FY 2022 shown in this Budget, as amended, is hereby formally adopted as the City's Pay Plan effective on January 1, 2022, unless further amended by resolution of the Mayor and City Council.

Section 7. The proposed Capital Improvements Program presented is hereby adopted as the City of Sandersville's Capital Improvements Program for FY 2022-FY 2027. This Program is hereby adopted as the City's long-term financial plan unless further amended by resolution of the Mayor and City Council.

Section 8. This Resolution shall be and remain in full force and effect from and after its date of adoption.

Adopted this 20th day of December, 2021.

CITY OF SANDERSVILLE, GEORGIA

By: James W. Andrews, Mayor

Attest: Kandice Hartley, City Clerk

RESOLUTION #2021-39: A RESOLUTION ADOPTING FINANCIAL POLICIES FOR THE CITY OF SANDERSVILLE, GEORGIA

WHEREAS, the City of Sandersville has developed a number of financial policies which guide the preparation and administration of the budgeting, accounting, investment, risk management, debt, auditing, and financial reporting functions of city government; and

WHEREAS, the Mayor and City Council have reviewed the Financial Policies proposed by the City Administrator, and desire to adopt those policies;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Sandersville, Georgia in regular session assembled this 20th day of December 2021 that the financial policies included on the attached pages are hereby adopted as the Financial Policies for the City of Sandersville.

BE IT FURTHER RESOLVED that the City Administrator is hereby directed to develop the annual proposed Budget and Capital Improvements Program, and to administer them in conformance with these policies.

This Resolution shall be effective from and after its date of adoption.

Adopted this 20th day of December, 2021.

CITY OF SANDERSVILLE, GEORGIA

By: James W. Andrews, Mayor

Attest: Kandice Hartley, City Clerk

Financial Policies and Budget Preparation

The City Council has adopted policies in all areas of financial management, which guide the preparation, adoption, amendment, and administration of the Operating Budget, the Capital Budget, and the Capital Improvements Plan. Below is a listing of those policies in the areas of:

Operating Budget Policies Capital Budget/ Long Term Planning Policies Revenue Policies Reserve Policies Cash Management and Investment Policies Risk Management Policies Debt Policies Accounting, Auditing, and Financial Reporting Policies

Operating Budget Policies

The City Council shall hold an annual Planning Session each year in order to establish priorities for funding in the next fiscal year; and discuss long-range planning of major capital improvements.

The City shall annually adopt a balanced budget in which planned revenues available equals planned expenditures; and, any subsequent amendment must identify the revenues or other financing sources necessary to maintain said balance.

The City will not appropriate fund balance or retained earnings in any fund that would hinder meeting the reserve targets established herein. Once those targets are met in a particular fund, any amount over the target may be appropriated either for capital improvements or unexpected operating expenses.

The City will pay competitive wages and fringe benefits in order to attract and retain quality personnel.

All Enterprise Funds shall be self-supporting from their fees and charges, without any subsidy from the General Fund. Transfers to the General Fund from the Enterprise Funds shall be made only after sufficient net income is retained to cover debt service and capital improvements essential to properly maintain and expand these utility services.

The Solid Waste Collection Fund should reflect the true costs to provide residential and commercial garbage collection, disposal and recycling; brush collection and disposal; bulk (white goods) collection and disposal; and leaf collection and disposal. The City Council shall evaluate annually the extent to which this service is supported by service charges rather than a subsidy from the General Fund.

The City shall aggressively pursue improvements in technology and work methods that will improve service levels and/or reduce operating costs.

The City shall use one-time revenues only for capital items, unexpected operating expenses or to build reserves, instead of operating expenditures/expenses.

The City shall raise property taxes only when absolutely necessary to balance the Budget and maintain adequate reserves. Any property tax increase should be used only for the purchase of additional capital improvements or to increase needed personnel.

All appropriations and expenditures shall be made in full compliance with applicable State laws and the City's Purchasing Manual.

The City will follow the Budget Preparation Calendar prepared by the City Administrator each year.

The Budget shall be prepared in full compliance with the State's Uniform Chart of Accounts, and with Generally Accepted Accounting Principles (GAAP) for Governments as promulgated by the Government Accounting Standards Board. This means the General Fund, Capital Projects Fund, Debt Service Fund, Expendable Trust Funds, and Special Revenue Funds will be budgeted on the modified accrual accounting basis. Enterprise Funds and Internal Service Funds will be budgeted on the full accrual accounting basis. The basis of budgeting is used to determine when budgetary revenues have been realized and when budgetary expenditures have been incurred.

All Budgets shall be adopted at the legal level of budgetary control, which is the fund/department level (i.e., expenditures/expenses may not exceed the total appropriation for any department within a fund without the City Council's approval).

The City Administrator shall prepare an annual Budget that meets the requirements to receive the Distinguished Budget Presentation Award from the Government Finance Officers Association.

Capital Budget/ Long Term Financial Planning Policies

The City shall adopt a Capital Improvements Plan (CIP) annually which will include the next fiscal year's Capital Budget, plus planned improvements for the following five years.

The City shall make every effort not to add additional programs and services until both the Operating Budget and the CIP are adequately funded.

The City shall provide resources from current revenues to fund an adequate maintenance and replacement schedule for infrastructure, and the vehicle and equipment fleet.

The City will aggressively pursue state and federal funding, as well as other sources of funding for capital improvements.

All operating budget appropriations shall lapse at the end of a fiscal year. Appropriations for Capital Projects which have not been completed by fiscal year-end must be re-appropriated for the balance due on the project in the next fiscal year.

Revenue Policies

The City will budget revenues conservatively so that the chance of a revenue shortage during the year is remote. This also will help finance contingencies and Budget amendments that were unforeseen when the Budget was first adopted.

The City will review annually all fees and charges to assure that they maintain their inflationadjusted purchasing power.

Since different revenue sources impact classes of taxpayers differently, the City Council recognizes that the only way to minimize these different impacts is to have a diversified revenue system. These impacts will be considered in making any needed adjustments to the various sources of revenue.

The City will make every effort not to become too dependent on one source of revenue in order to minimize serious fluctuations in any year.

The City will consider market rates and rates of comparable cities in the region when changing tax rates, fees, and charges. The City will make every effort to maintain its favorable comparative position with other Georgia cities in this regard, which will contribute to our economic development success.

All cash donations to any department or agency of the City must be deposited with the Finance Officer's Office. All purchases using such donations must be budgeted and will comply fully with the City's purchasing policies. The City cannot accept donations on behalf of an outside agency or group. Donations of equipment or supplies may be made directly to a department or agency of the City. Donated equipment meeting the definition of a fixed asset must be reported to the Purchasing Agent, for tagging and listing.

Reserve Policies

The City Council recognizes the need to set reserve targets for every operating fund of the City. The targets for those funds using the modified accrual basis of accounting are set as the percentage that the undesignated fund balance is to the combined budgeted expenditures and transfers to other funds. The targets for those funds using the accrual basis of accounting are set as the percentage that the working capital is to the budgeted operating expenses and transfers to other funds. The targets are as follows:

Fund Title

General Fund Water/Wastewater Fund Electric Fund Telecom Fund Solid Waste Collection Fund Undesignated Fund Balance (or Working Capital) as a % of Expenditures (or Operating Expenses) and Transfers Out

25% Fund Balance17% Working Capital17% Working Capital17% Working Capital17% Working Capital

These reserve targets shall be reviewed annually by the City Administrator who shall report to the City Council on their continued adequacy.

Cash Management and Investments Policies

The City will make all deposits of cash within the time period required by State law. All deposits must be fully collateralized as required by State law.

The City will aggressively pursue all revenues due, including past due utility bills, court tickets and fines, and property taxes, using whatever legal means are available.

The City will pay all obligations on or before the due date.

The City will continue the current cash management and investment policies, which are designed to emphasize safety of capital first, sufficient liquidity to meet obligations second, and the highest possible yield third. Those policies are outlined below:

The City will operate with the least number of bank accounts required by federal and state statutes and regulations and GAAP for governments. Consolidation of bank accounts makes investment decisions easier, and reduces staff time needed to reconcile monthly bank statements.

The City Administrator will make a twelve-month cash flow projection, and from that develop a schedule of long-term investments. These investments could be any type authorized by State law. All investments shall be made using competitive bidding and must fully comply with State collateralization of deposits. Such investments shall be pooled from among the various funds, and bid out no more frequently than once a quarter. This keeps the investment process manageable with limited staff.

Risk Management Policies

The City will minimize potential losses through employee safety training, inspections of the workplace, risk analysis, and OSHA compliance. The City Clerk/ Human Resources Director shall be responsible for these programs.

A drug-testing program shall continue for all potential employees, as well as random testing of all federally-required employees.

The City will continue to participate in the Georgia Municipal Association's Risk Management Pool for virtually all necessary coverages, including General Liability, Automobile Liability, Errors and Omissions, Property, Boiler and Machinery, Inland Marine, Special Events and Worker's Compensation.

Annual inspections of premises and work practices shall be performed by the risk management staff of the GMA Pool, and the City will correct any deficiencies noted.

Debt Policies

The City will issue bonds and capital outlay notes only for capital improvements and moral obligations. The City will attempt to fund capital improvements through net income of the utility systems, general revenues, and its portion of any SPLOST (Special Purpose Local Option Sales Tax) funds before resorting to long-term debt issuance. This will reduce the overall indebtedness and strengthen the City's creditworthiness.

The City will not issue notes or bonds to finance operating deficits. Adequate reserves will be maintained to assure this doesn't become necessary. No bond or note will be issued to purchase a fixed asset that has a shorter useful life than the term of the debt instrument.

The City will issue general obligation bonds or capital outlay notes for necessary general government projects and either general obligation or revenue bonds for enterprise fund projects. The City may also use pooled capital lease funds from GMA and loans from the Georgia Environmental Facilities Authority (GEFA).

No debt will be issued which would increase the outstanding amount of debt above ten (10%) percent of the total assessed value of property within the City. The outstanding amount of debt in this calculation shall not include debt issued for improvements in the utility systems, because that debt will be repaid from charges for services, not from property taxes. These limitations are found in Article IX., Section V, Paragraph 1 and Article IX., Section VI, Paragraph 1 of the Georgia Constitution.

A firm source of revenue sufficient to make the anticipated debt service payments must be identified by the City Council before any capital outlay note, GEFA loan, GMA capital equipment lease, general obligation bond, or revenue bond is issued.

Accounting, Auditing, and Financial Reporting Policies

The City Council will receive a monthly finance report showing Income Statements, Cash Flow Statements where appropriate, and all Investments.

The City shall have a qualified certified public accounting firm conduct an independent audit annually, as required by OCGA 36-81-7 (a)(1).

The City will maintain its accounting records in full accord with Generally Accepted Accounting Principles (GAAP) as promulgated by the Government Accounting Standards Board. The City Administrator is expected to obtain clean (unqualified) Audit Opinions each year.

The Annual Audit shall be submitted to the State Auditor before June 30th of each year, so that the City complies with OCGA 36-81-7 (d) (1). Any deficiencies noted by the Auditors shall be corrected immediately by the City Administrator.

The Budget Process

The City's Budget process shall begin in early July when department heads will be given electronic format forms upon which to submit their operating and capital budget requests. The City Council is also notified to give the City Administrator any requests they might have, so that costs may be researched. Departmental requests for the Capital Improvements Program are to be turned in to the City Administrator by August 1st, and all Operating Budget requests are turned in to the City Administrator by September 1st.

The Finance Officer and City Administrator develop the revenue estimates for the Operating Budget, and the amount to be transferred to the CIP and the amount of any proposed bond issues. Then, the review of the operating expenditures and the CIP preparation begins. After the City Administrator and Finance Officer have prepared a preliminary Budget, the City Administrator reviews it to determine whether further cuts are possible, or if additional revenues are necessary. Those decisions are made prior to the first week in November, when a Budget Planning Retreat will be held by the City Council.

At that meeting, the City Administrator will present projections of the current fiscal year's Budget, and the preliminary Operating Budget for Council review. In addition, the City Administrator presents the Council with recommendations for a six-year Capital Improvements Program. The City Council then debates any changes in suggested priorities in both the preliminary Operating Budget and the Capital Improvements Program. Once those priorities are established, the City Administrator finalizes the CIP, and the Operating Budget. The narrative portions of the documents are then prepared. The City Administrator prepares the Budget Message and CIP Letter of Transmittal detailing the major issues, initiatives, and goals and objectives contained in both documents. The Finance Officer prepares the spreadsheets detailing the line-item budgets proposed for each fund.

The budget document will be printed in late November, for distribution to the Mayor, City Council, and public by early December. Copies shall be available to the public in the City Clerk's Office. A public hearing will be scheduled for the first regular meeting in December, after which the Budget will be adopted at the second regular meeting in December. The Budget shall become effective January 1st. In the event the Council cannot agree on a Budget before January 1st, an Interim Budget will be adopted, which is simply a continuation Budget from the previous year. Once a Budget is adopted, the Finance Officer will enter the adopted Budget into the accounting system.

Budget amendments may be made at any time throughout the fiscal year. Any amendment request is reviewed by the City Administrator, who makes a recommendation on whether the expenditure should be made, and what revenue source will be used to finance it. All amendments require a Budget amendment resolution, since the original Budget is adopted by resolution. After passage, the City Administrator will authorize the City Finance Officer to enter the amended amounts in the budgetary accounting system.

Budget Amendment Policy

Since a budget is an estimate of revenues and expenditures, the budget management process does not allow for amendments to the Budget. Budget amendments may be made at any time throughout the

fiscal year. An amendment request is reviewed by the City Administrator, who makes a recommendation on whether the expenditure should be made, and what revenue source will be used to finance it. All amendments require a Budget amendment require a Budget amendment resolution, since the original Budget is adopted by resolution. After passage of the Budget amendment resolution, the City Administrator authorizes the Finance Officer to enter the amended amounts in the budgetary accounting system.

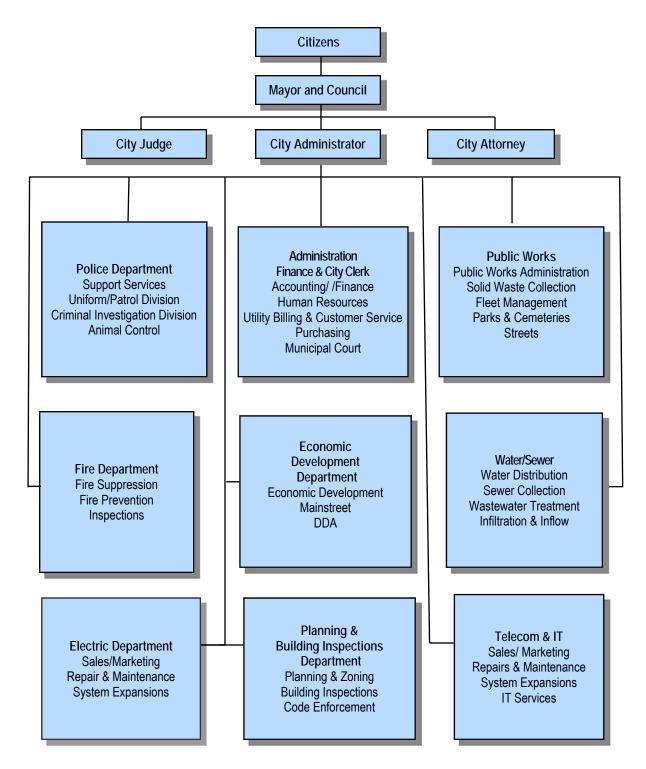

City of Sandersville, Georgia Calendar for FY 2022 Budget and CIP Preparation

- August 3 City Administrator notifies all Department Heads to begin preparation of CIP requests.
- August 3 City Administrator reviews the Budget Calendar with all Department Heads.
- August 16 City Council Sets the Date of November 15 for the Budget Planning Session.
- August 16 City Council asked to submit any CIP requests to the City Administrator. (Staff will prepare cost estimates.)
- August 17 City Administrator notifies all Department Heads of the Planning Session, and the deadline for Budget requests.
- September 1 City Clerk schedules the location for the Planning Session.
- September 15 Departmental CIP requests must be turned in to the City Administrator's Office.
- September 30 Finance Department prepares Personnel costs for all departments.
- October 1 All CIP forms completed by City Administrator's Office.
- October 1 All Operating Budget requests must be turned in to the City's Finance Officer.
- October 1 City Administrator and Finance Officer complete all revenue projections for the current year and next fiscal year.
- October 4-8 City Administrator and Finance Director reviews each departmental budget with the Department Heads. Also, discusses the presentation of the proposals by each Department Head for the Budget Planning Session.
- October 18 City Council schedules a Public Hearing on the Budget for December 13th at 5:00 p.m.
- October 18 Departmental goals and objectives and performance measures are to be submitted to the City Administrator's office.

Fringe Benefits Summary

The City of Sandersville provides a comprehensive package of fringe benefits for employees. The package includes the following.

Health/Dental Insurance Coverage:

City employees are provided Health and Dental Insurance coverage by the City of Sandersville through Blue Cross & Blue Shield which is administered by the Georgia Municipal Association. The City and its employees are currently paying the following bi-weekly rates for their Benefit Package.

Plan	Coverage	Employee	City	Total Cost
POS -\$2,000 Deductible	Individual	\$ 57.74	\$ 331.58	\$ 389.32
1 05 42,000 Deduction	Family	\$ 316.93	\$ 590.51	\$ 907.44
Dental	Employee	\$ 1.73		
Dontai	Family	\$ 23.54		
	Employee & Far			

Details of the coverage are available in the employee benefit handbook.

Life Insurance Coverage:

City employees are provided with \$25,000 of life insurance coverage at no cost to the employee.

Short-Term Disability:

City employees are provided with short-term disability insurance that pays 60% of the employee's regular earnings for up to 12 weeks. This benefit begins after the exhaustion of leave and an 8 day waiting period.

Paid Sick Leave:

Employees are credited with one day of sick leave for each month of employment and may carry over up to 200 hours per year. Unlimited accumulation is allowed. Unused sick leave is not paid at termination of employment; credit is given for unused sick leave for employees retiring under the City's retirement plan.

Special Leave With/Without Pay:

Employees are granted time off from work with or without pay at the discretion of the Department Head and the City Administrator for various occasions. Bereavement Leave is granted with pay for a maximum of three days for the death of a member of the immediate family. Jury service is granted with pay. Military Leave is granted with pay for a period not to exceed 18 calendar days in a 12 month period.

Paid Vacation Leave:

Employees earn vacation on a monthly accrual basis based on length of service and may carry up to one week over to be used in the next year. The following days of vacation are earned on an annual basis and are based on a forty hour per week work schedule.

Years of Service	Days Vacation per Year
0 - 6 months	5
1 - 5 years	10
5 - 10 years	12
10 -15 years	15

Over 15 years

20

Paid Holidays:

Employees receive 14 paid holidays per year. The holidays are:

Martin Luther King Day
Memorial Day
Independence Day - July 4 th
Columbus Day
Thanksgiving –2 Days
Floating Holiday -1 Day

Retirement Plan:

City employees are covered under the Georgia Municipal Association Retirement System. The City pays the full contribution for employees and the employees are vested with 5 years of service with the city.

Deferred Compensation Plan:

City employees are eligible for a 457b Deferred Compensation Program administered by Citistreet through the Georgia Municipal Association. This is a voluntary tax-favored program that allows employees to contribute a portion of their salary before federal taxes into a supplemental retirement account. Various options are available including fixed rate annuities, publicly available mutual funds and life insurance. After one year of employment with the City, the City will match the employee's contribution to the Deferred Comp Plan up to 3% of their annual salary.

Workers Compensation Plan:

The City participates in the GMA Workers' Compensation Self-Insurance Fund which is a group self-insured program authorized by state statue and administered by the Georgia Municipal Association. City employees are covered for occupational injury according to the state worker's compensation laws.

Year End Incentive Payment:

Full time employees who are employed before July 1st of the calendar year receive a Year End Incentive Payment in the amount of \$600.00 in December of each year. Full time employees who are employed after July 1st of the calendar year receive a Year End Incentive Payment in the amount of \$300.00 in December of each year. Part time employees receive a Year End Incentive Payment in the amount of \$50.00 in December of each year.

Competitive Wages, Overtime Pay, and Compensatory Time:

City employees are paid competitive wages, which are evaluated periodically to insure they are comparable to wages paid for similar duties in both the public and private sectors. Employees will receive annual pay increases, if job performance is satisfactory, subject to the approval of the Mayor and City Council. The City's compensation plan gives employees a 2% step in pay each year, in addition to the any annual cost of living increase that the Mayor and Council may approve each year with the adoption of the annual budget. Employees are compensated for any overtime worked according to the Fair Labor Standards Act, either with pay at time and one half or compensatory time off, also calculated at one and one half.

Uniforms and Cleaning Services:

Uniforms are provided for city employees, other than clerical and others wearing normal street clothes, in Public Works, Police, Fire, Wastewater, Water/Sewer, Electric and Building Inspections.

THE GENERAL FUND

The General Fund is the principal fund of the City, accounting for all activities not included in other specified funds. This fund contains the operational budgets for the Mayor and City Council, General Administration (including the City Administrator's Office, the City Attorney, City Clerk's Office, Human Resources, and the Finance Department), the Municipal Court, the Police Department, Fire Department, Animal Control, Planning & Zoning, Economic Development and the Public Works Department (including Public Works Administration, Streets Division, Fleet Maintenance and Parks & Cemeteries Division). It also includes the funding for several outside agencies other than those financed by the Hotel/Motel Tax Fund. Finally, it covers the Debt Service for any outstanding debt used to acquire general fixed assets. Debt Service payments used to acquire fixed assets of the Proprietary Funds are accounted for within those respective funds rather than the General Fund.

REVENUES AND OTHER FINANCING SOURCES

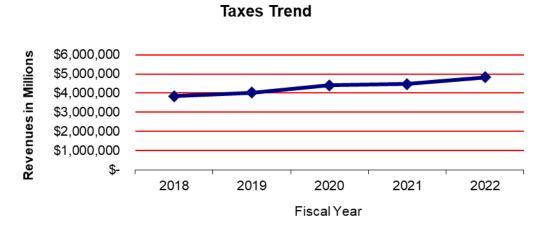

The General Fund's Revenues can be segregated into six major categories:

1. **Taxes** This category provides \$4,828,163 of the \$6,080,942 General Fund revenues, or 79.40%. The major source of tax revenue is the Property Tax which is budgeted to generate \$1,392,306 in FY 2022. In 2017, in order to offset other declining revenues in the General Fund the City increased the millage rate from 4.825 to 5.775, the largest millage rate increase in more than a decade. Due to 1.34% growth in the digest in 2018 the millage rate was rolled back to 5.635. In 2019, the millage rate was increased to 6.635 in order to fund a pay study conducted by the UGA Carl Vinson Institute of Government for all City departments with particular attention to the Police Department and Electric Department. In 2020, as a result of decline in the gross digest the City adopted a roll back rate of 6.702. In 2021, the net digest (after exemptions) increased from \$221,158,722 in 2020 to \$222,658,021 in 2021, for an increase of \$2,509,604 (after reassessment value added). This increased the amount of taxes levied at the adopted rollback rate of 6.710 by \$11,830. The City has an excellent collection ratio on this tax, which has been further improved by the use of annual tax lien sales. The projected collection rate for the current year's taxes is 99.0%. The other 1.0% will be collected during the following fiscal year. Prior Year's Taxes is the revenue line item for property taxes due from a previous year.

Motor vehicle taxes, budgeted at \$67,388, are collected by the Washington County Tax Commissioner based upon the renewal date (usually the owner's birthday). The portion of those property taxes due to the City is remitted to the City on a monthly basis. In 2012 the Georgia General Assembly passed HB 386, a tax reform bill, which replaced the ad valorem tax on automobiles with a one-time 7% title tax fee. These taxes are budgeted at \$191,395 for FY 2022 revenues. The mobile home tax is projected to increase from the current FY 2021 budgeted amount while the real estate transfer tax (\$1.00 per every \$1,000 of value on such sales) is projected to also see an increase in FY 2022.

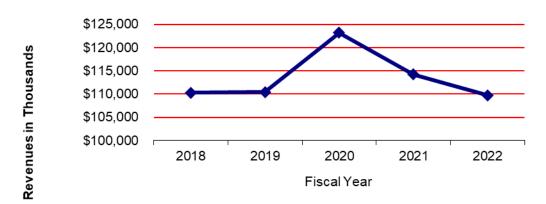

The other major source of taxes are Franchise Fees in the amount of \$554,411 which are paid by Georgia Power Company, Washington Electric Membership Cooperative, Atlanta Gas

Light, Birch Communications, Charter/ Northland Cable, and BellSouth/AT&T in addition to \$853,800 from the city's Electric Fund and \$6,253 from the City's Telecom Fund. These revenues are projected to decrease by 3.16% from FY 2021 while the city's Electric Fund Franchise Fee is projected to see an increase of \$199,626 or 30.5% due to an increase in revenue from a new industry. Insurance Premium Taxes are projected to increase in FY 2022 by \$16,156 or 3.4% while LOST (Local Option Sales Tax) is budgeted to increase by \$161,195, or 18.4% in FY 2022. Total Taxes as a category is projected to increase in FY 2022 by \$201,950 or 4.4%.

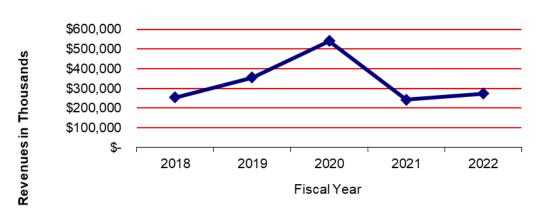

2. Licenses and Permits. This category provides \$109,767 of the General Fund revenues or 1.81%. The primary sources of revenue are Alcoholic Beverages Licenses, Insurance Licenses, General Business Licenses, Occupation Tax Administration Fees, and Building Permits, which include building, plumbing, electrical, HVAC, and similar permits. Alcoholic Beverages Licenses and General Business Licenses/ Occupational Taxes are projected to remain stable at current FY 2021 levels while Building and related permits and fees are projected to decrease slightly from the FY 2021 original budget.

Licenses and Permits Trend

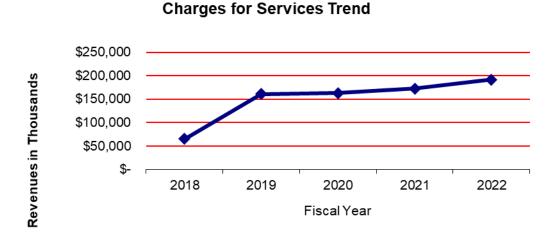

3. Intergovernmental Revenues. This category provides \$273,365 or 4.50% of the General Fund revenues. The primary sources of revenue are Tennille Animal Control, WACO Economic Development -Duraline Rent, and Payment in Lieu of Taxes-Housing Authority. This is a 10.9% increase from FY 2021.

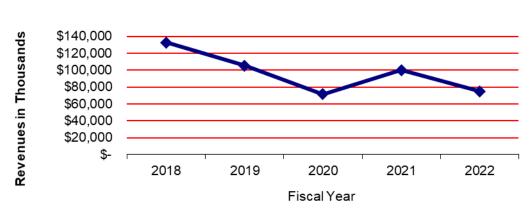

Intergovernmental Revenues Trend

4. **Charges for Services.** This category provides \$191,501 or 3.15%, of the General Fund revenues. The primary sources of revenue are Fire Calls, Animal Control and Shelter Fees, and Cemetery Fees. This source is projected to increase slightly by \$18,739 in FY 2022.

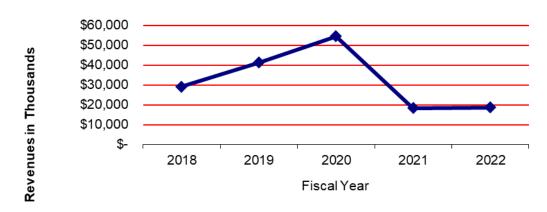

5. **Fines and Forfeitures.** This category provides \$75,000 of the General Fund revenues, or 1.23% and includes the fines and forfeitures imposed by the Municipal Court for violations of the Municipal Code and minor violations and infractions of State law dealing with traffic citations, DUI, and similar offenses.

Fines and Forfeitures Trend

6. **Earned Interest and Miscellaneous Revenues.** As a result of the City's current banking affiliate eliminating the interest rate paid on the City's funds beginning in FY 2011, this category provides no revenue to the General Fund from Interest but does include \$5,147 from Donations and \$18,668 projected from miscellaneous revenue.

Interest and Miscellaneous Revenue Trend

In addition to these six revenue categories, there is the **Other Financing Sources**, which is primarily made up of the *Transfers from Other Funds*. This source of financing which was counted as revenue in the transferring fund, contributes \$579,331 or 9.53% of the General Fund's total funding. The transfers for FY 2022 include \$353,023 from the Electric Fund, \$162,236 from the Water & Sewer Fund, 1,834 from the Telecom Fund, \$38,738 from the Solid Waste Collection Fund and \$15,000 from the Hotel/ Motel Tax Fund. These transfers are indirect cost allocation transfers which account for cost and services provided to these enterprise funds by the General Fund. This reimbursement to the General Fund pays for services provided by the City Administrator, personnel division, accounting division, utility collections, purchasing, risk management, and other similar services. If these utilities were private

companies, they would have to pay property taxes, business licenses and franchise fees to the local government.

Fund Balance Appropriated. Assuming the fund balance of the General Fund is sufficient, the City can use some of the fund balance to balance the General Fund when necessary, however: the proposed FY 2022 Budget is projected to use no fund balance. The City's goal continues to be to work towards attaining the fund balance required to meet the reserve target established in the financial policies that have been adopted by the Mayor and City Council.

The line item budget that follows shows the individual sources of revenue that make up these six major revenue categories, the other sources of financing, and any fund balance appropriation.

<u>Property Taxes</u> Property Value of \$100,000

For residents of the City of Sandersville the total property tax is \$6.710 per \$1,000 of taxed value. The taxed value is calculated as 40% of the Market Value after homestead exemptions. Assuming property with a market value of \$100,000, after the regular homestead exemptions, the result would be:

Projected Tax Bill: \$268.40

EXPENDITURES

The General Fund Expenditures are divided into several major departments and divisions to account for the cost of their operations. These expenditures support most of the City's operations other than the utility operations. The Expenditures are summarized on the next page, followed by the line item budgets for each division.

The largest operating expenses are most often the cost of personnel and fringe benefits. A list of approved personnel positions by department and division is provided behind the tab entitled "Authorized Personnel". In addition, the Pay Plan for those positions is provided behind the tab entitled "Proposed Pay Plan and Fringe Benefits". FY 2020 the City adopted a new pay plan developed by the UGA Carl Vinson Institute of Government for all employees at an increase to the total payroll of \$299,259. In FY 2022, there will be a 5.9% cost of living adjustment (COLA) to the plan and a probationary or merit (step) increase of 2% for eligible employees.

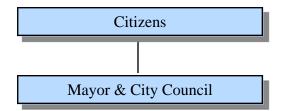

The city's administration continues to express concern over the impact of the rising cost of health care and how to continue to fund this benefit for our employees. In the preparation of the annual budget each year the City reviews the health care benefits provided to city employees and makes adjustments to the benefit structure and premium cost to the individual employee. In FY 2022, the deductible for health care benefits for all employees will be \$2,000. The City will fund 85% of the premium for individual coverage and 50% of the premium for family coverage.

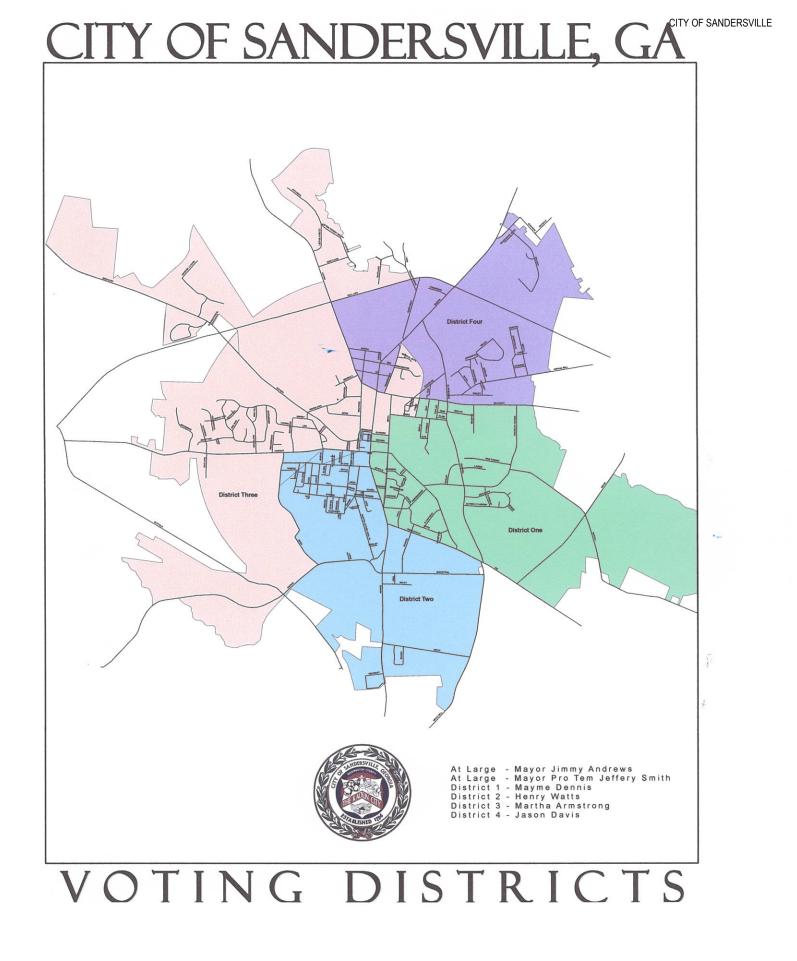

Additionally, individual line items in the operational budgets of each department or division within the General Fund were closely scrutinized in an effort to control or reduce cost as a measure to offset any decreases in revenue in FY 2022. The General Fund budget expenditures for FY 2022 totals \$6,080,942, an increase of \$436,305 or 7.7% over the FY 2021 Budget of \$5,644,637.

GOVERNING BODY

GOVERNING BODY

The City of Sandersville's Governing Body operates under a Council-Administrator form of government, with a Mayor and five Council Members. Both the Mayor and the Mayor Pro-Tem are elected at large while the four remaining council members are elected by district. All six council members serve four year terms.

The Mayor and Council are responsible for approving all major city policies, all local ordinances, the annual budget, and the 6-year capital improvements program. They also appoint the City Administrator, City Attorney, Municipal Court Judge and all department heads.

OFFICE OF ADMINISTRATION

GENERAL ADMINISTRATION

General Administration includes the City Administrator's office, the City Clerk's office, the Finance Department and utility billing. The City Administrator oversees the administrative functions and daily operations of the city government. She is responsible for preparing the annual budget and capital improvements program, evaluating and supervising all department heads, ensuring that all policies and ordinances are enforced, and recommending policy changes to the mayor and city council.

The City Clerk handles property tax billing and collection, and issuing and collecting occupation taxes and licenses. This office is also responsible for maintaining all official codes, ordinances, records and documents. The City Clerk also supervises the utility billing department, and as HR Director, she administers employee benefits and keeps the classification compensation plan and personnel policies manual current.

The Finance Department is responsible for assisting the City Administrator in the preparation of the Budget and the Capital Improvements Program. This department prepares the monthly finance reports and works with the auditor to prepare the annual CAFR. It is also responsible for accounts payable, payroll, keeping the fixed assets current and administering the city's purchasing policies and procedures.

This Department is responsible for administering and accounting for City grants and loans including CHIP, CDBG, USDA, TAP, GEFA and GMA leases.

The City's Finance Director is responsible for the operations of the Municipal Court.

POLICE DEPARTMENT

POLICE DEPARTMENT

This department is headed by the Chief of Police who oversees 19 sworn officers and 2 civilian personnel. The Police Department provides the customary policing services to our citizens including preventive patrol, traffic enforcement, criminal investigations, crime prevention and drug prevention. The department has two main divisions: patrol division and criminal investigations division.

The patrol division is responsible for preventive patrol, traffic enforcement, and response to calls for service. This division is divided into four shifts so that protection is provided 24 hours per day, 7 days per week. Officers typically work a 43-hour work-week, counting time spent writing reports and attending the various courts in which their cases are presented.

The criminal investigations division is responsible for in-depth investigations of crimes in order to build successful cases for prosecution. The division works closely with the district attorney's office and and investigators from the Georgia Bureau of Investigation, Federal Bureau of Investigation, and the Washington County Sheriff's Office.

The Police Department also oversees the operation of the City's Animal Control division.

FIRE DEPARTMENT

FIRE DEPARTMENT

This department is headed by the Fire Chief and is located at 125 Warthen Street. The department provides fire and rescue services while EMT and paramedic services are provided by the Washington County Emergency Medical Services, located next to Washington County Regional Medical Hospital. The department backs up the EMS as medical first responders. The department operates with 7 Career personnel, 6 part-time employees and 25 volunteers.

The department operates with three 24-hour shifts. This "24 on\48 off" schedule is the industry standard providing 2 personnel on each shift. The Fire Chief works a normal 40-hour per week schedule. The Fire Inspector Captain and Training Captain work a 24 / 48 shift but work as needed on their off days. The Fire Chief is on call and responds to major calls where a more complex incident command system is deployed.

The department is equipped with a 75 foot ladder truck, fire pumpers, fire tankers, hazmat equipment, support trucks, and the usual firefighting equipment. The department has two thermal imaging cameras to aid in search and rescue situations. All units are radio dispatched by the E-911 Center, and all personnel have pagers and 2-way radios. The level of personnel, upgraded equipment, emergency communications, and the City's water system have resulted in a Class 3 ISO fire insurance rating.

The department also covers, by contract with Washington County, an area of approximately 85 square miles as designated by the 911 coverage map. The County pays the City a flat fee each year for this fire protection along with SPLOST funds to cover equipment purchases.

The department also responds to other incidents within the unincorporated areas and into other Cities to assist the volunteer fire departments in Washington County and provides rescue and haz-mat services for the whole county.

The Sandersville Fire Department is heavily involved in fire prevention. The Fire Inspector reviews building plans for compliance with the Life Safety Code and the Fire Code. He works closely with the City's Building Inspector in the Planning & Building Inspections Department in the review of these plans. In addition, the department presents programs to many groups including hundreds of school children throughout Washington County each year.

ANIMAL CONTROL

ANIMAL CONTROL

The Animal Control Department reports to the Chief of Police. This department is staffed by three full time employees who are charged with the responsibility of controlling the animal population and protecting the property of the citizens of the City of Sandersville and, by contract, Washington County.

PUBLIC WORKS ADMINISTRATION

PUBLIC WORKS ADMINISTRATION DEPARTMENT

The Public Works Department includes three divisions in the General Fund: Streets, Parks and Cemetery and Fleet Maintenance. Also included in the City's Public Works Department are Solid Waste Collection and Water & Sewer and Wastewater. Public Works Administration funds the positions of the Public Director and Administrative Assistant.

STREET DEPARTMENT

STREET DIVISION

The Street Division is responsible for maintaining streets, curb and gutter, drainage ditches, road shoulders and mowing any vacant City properties. This division is also responsible for street sweeping, pothole patching, crack sealing, repairing utility cuts in the pavement, installing all street signs and managing the City's mosquito abatement program. They construct minor catch basins and similar drainage structures, while the large projects are contracted out.

EXPENDITURES SUMMARY

	FY 2020 Actual		FY 2021 Budgeted		FY 2022 Proposed		Percentage Increase

COMMUNITY DEVELOPMENT/ PLANNING & BUILDING INSPECTIONS DEPARTMENT

COMMUNITY DEVELOPMENT/PLANNING & BUILDING INSPECTIONS

This division in the General Fund is staffed by the City's Planning Director & Building Inspector and Code Enforcement officers. The City Planning Director & Building Inspector is responsible for supervision and oversight of this division as well as for land use planning and property maintenance code enforcement including building inspections and nuisance abatement.

The Director processes applications for items to be considered by the City's Planning and Zoning Board and serves as the zoning administrator responsible for the interpretation and enforcement of the City's zoning and subdivision regulations. In addition to building permits, this division is also responsible for code enforcement of the City's ordinances.

This division works with the Regional Commission to prepare and update the Ctiy's comprehensive land use plan and short-term work program.

ECONOMIC DEVELOPMENT DEPARTMENT

ECONOMIC DEVELOPMENT

This division in the General Fund is staffed by the City's Economic Development Director who is responsible for recruiting new commercial development throughout the City while also working to promote growth and expansion in current business investments. The Director is also responsible for providing support to the City's Downtown Development Authority and for managing the City's Mainstreet Program.

CONFISCATED ASSETS FUND

This fund accounts for funds seized for possible illegal activity. When the court adjudicates a case, the money is either released back to the individual, or is forfeited. In some cases, some of the funding goes to the Washington County Clerk of Court, and some is turned over to the City. Those funds turned over to the City are used exclusively to support the Police Department, usually with the purchase of additional equipment. This helps supplement the minor capital budget for the department.

AMERICAN RESCUE PLAN ACT FUND

The American Rescue Plan Act of 2021 was signed into law on March 11, 2021 to provide COVID-19 relief to state and local governments. Eligible uses of the funds include:

- Revenue replacement for the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency, relative to revenues collected in the most recent fiscal year prior to the emergency,
- COVID-19 expenditures or negative economic impacts of COVID-19, including assistance to small businesses, households, and hard-hit industries, and economic recovery,
- Premium pay for essential workers,
- Investments in water, sewer, and broadband infrastructure.

This fund accounts for the receipt and disbursement of those funds provided to the City.

2019 SPECIAL PURPOSE LOCAL OPTION SALES TAX (SPLOST) FUND

In November, 2019, the voters of Washington County approved a referendum for the extension of the 1% Special Purpose Local Option Sales Tax for the purpose of funding capital projects for a six year period the with collection beginning in October, 2020. The proceeds of this tax are disbursed pursuant to intergovernmental agreements negotiated between the seven cities located in Washington County, including the City of Sandersville, and Washington County prior to the referendum.

This is not an additional tax, but an extension for six years of the 2013 SPLOST. This means that the sales tax rate in Washington County remained at 8%: 4% State of Georgia sales tax, 1% Special Purpose Local Option Sales Tax, 1% Local Option Sales Tax (LOST) which is also distributed to the seven cities and Washington County based on intergovernmental agreements, 1% Special Purpose Local Option Sale Tax for Education (E-LOST) for the Washington County Board of Education which will fund major school construction and renovation projects and 1% Transportation Special Purpose Local Option Sales Tax.

TRANSPORTATION FUND

This fund accounts for the receipt and disbursement of Transportation Investment Act funds generated from a regional 1% sales tax to fund transportation projects by priority, and for the receipt and disbursement of LMIG, Local Maintenance and Improvement Grant, funds from the Georgia Department of Transportation. In addition to making improvements to several local streets, funds are budgeted in this fund to continue our ongoing repaving/resurfacing/milling program in FY 2022 –FY 2027.

2018 COMMUNITY HOUSING IMPROVEMENT PROGRAM GRANT FUND

The CHIP program is funded by the U.S. Department of Housing and Urban Development Home Investment Partnership Program and is administered by the Georgia Department of Community Affairs. This fund accounts for the receipt and disbursement of funds that have been awarded to the City for replacement and rehabilitation of owner-occupied, stick built homes to benefit low-to-moderate income persons in areas throughout the City. In 2018, the City of Sandersville was awarded a CHIP Grant in the amount of \$306,000 with a \$10,000 City match. This project work began in FY 2019 and is scheduled to be completed in FY 2021.

2021 COMMUNITY DEVELOPMENT BLOCK GRANT FUND

This fund accounts for the receipt and disbursement of funds that have been awarded to the City for stormwater improvements in the Tybee Community in Sandersville. Community Development Block Grant (CDBG) funds are used primarily for infrastructure improvements. In 2021, the CDBG 2021 Grant award was \$750,000 with a cash match from the City in the amount of \$22,500 and leverage, also from the City, in the amount of \$38,062 for a total project cost of \$810,562. These funds will address the majority of the drainage system issues in the Tybee area. This project work is scheduled to begin work in FY 2022.

CAPITAL IMPROVEMENTS PROGRAM FUND

This fund accounts for the receipt and disbursement of funds to acquire major general fixed assets for the City. The projects are derived from the first year's listing within the 6-year Capital Improvements Program for the CIP Fund. Other capital projects are funded in the individual utility funds such as the Water and Sewer Fund, the Electric Fund, the Solid Waste Collection Fund, and the Telecom Fund. Some projects are also funded in the 2019 SPLOST Fund and the TSPLOST Fund.

Funding is usually provided by transfers from the Water and Sewer Fund, the Electric Fund, federal and state grants, and Georgia Department of Transportation (GDOT) grants. Projects funded here cost at least \$5,000 and have a useful life of at least two years. Some projects may have a smaller dollar amount if they are a carryover from the previous year when a project was not finished by year-end. Some capital projects take longer than one fiscal year to complete, requiring the remainder of the project to be funded in the following fiscal year(s). Projects retain the same Project Number and accounting line item in subsequent years in order to easily track a multiple-year project.

The savings from projects or purchases that come in under the budgeted amount in any line item at fiscal year-end go into the fund balance, which can be appropriated in a subsequent year for other projects.

A summary of the six-year Capital Improvements Program to be financed from the Capital Improvements Fund is included at the beginning of this section, with more detailed information on each project following thereafter. The annual impact on the operating budget is included on the back of each project sheet.

		\$ 61,100.00	\$-	\$-	\$-	\$-	\$ -	\$ 61,100.00					

JUSTIFICATION WHEN STATION WAS BUILT IN 1980, A 10KW GENERATOR WAS INSTALLED AND CARRIED THE LOAD. WHEN TWO BAYS WERE ADDED ALONG WITH AN SCBA AIR COMPRESSOR THE GENERATOR WAS UPGRADED TO A 25KW IN 2002. A LARGER AIR COMPRESSOR ALONG WITH A VEHICLE EXHAUST REMOVAL SYSTEM BEING INSTALLED NOW REQUIRES A 125KW GENERATOR WHICH WILL HANDLE THE CURRENT LOAD AND FUTURE ADDITIONAL LOADS.

HAVING COOL WATER ON A FIRE SCENE HELPS IN THE REHABILITATION PROCESS OF FIREFIGHTERS. RIGHT NOW, THE COOLERS ON THE FIRE APPARATUS CAN ONLY HAVE SMALL OF AMOUNTS OF ICE ADDED FROM A RESIDENTIAL REFIGERATOR ICE MAKER, SO WHEN THE WATER IS NEEDED, IT IS TOO WARM TO DRINK.

AT A PRICE OF 1.50 PER BAG OF ICE AND ONE BAG PER VEHICLE X 6 X 365 DAYS = 3,285. THIS PURCHASE WOULD ALMOST PAY FOR ITSELF IN THE FIRST YEAR.

The current Chiefs vehicle is a 2012 Tahoe with 40k miles on it. Although in good shape, the age of vehicle makes it less reliable and is becoming increasingly more difficult to get parts for. This vehicle also has no warrantly coverage anymore and is not equipped with safety features like: back-up camera (mandatory starting in 2018), collision avoidance, pedestrian avoidance etc.

A good rule of thumb is 5-10 years for a fire chiefs vehicle to be replaced by industry standards. This means, the next fire chief vehicle should not need replacing until 2031, as long as there are no major issues. Although staying closer to the 5 year replacement keeps the vehicle closer to its warranty period. This Chiefs vehicle would be set up more like a command unit as it should be and can serve in this capacity in larger scale events if need be.

The current vehicle that needs to be replaced is a 2006 Ford F-250. For years, this truck was outfitted with a water tank and pump system that it was not designed to carry 365 days/yr. This type of added weight has casued an unnesseccary amount of stress on body and frame to the point that the bushings that hold the two together are gone. The truck is beat up and not a good representation of the city.

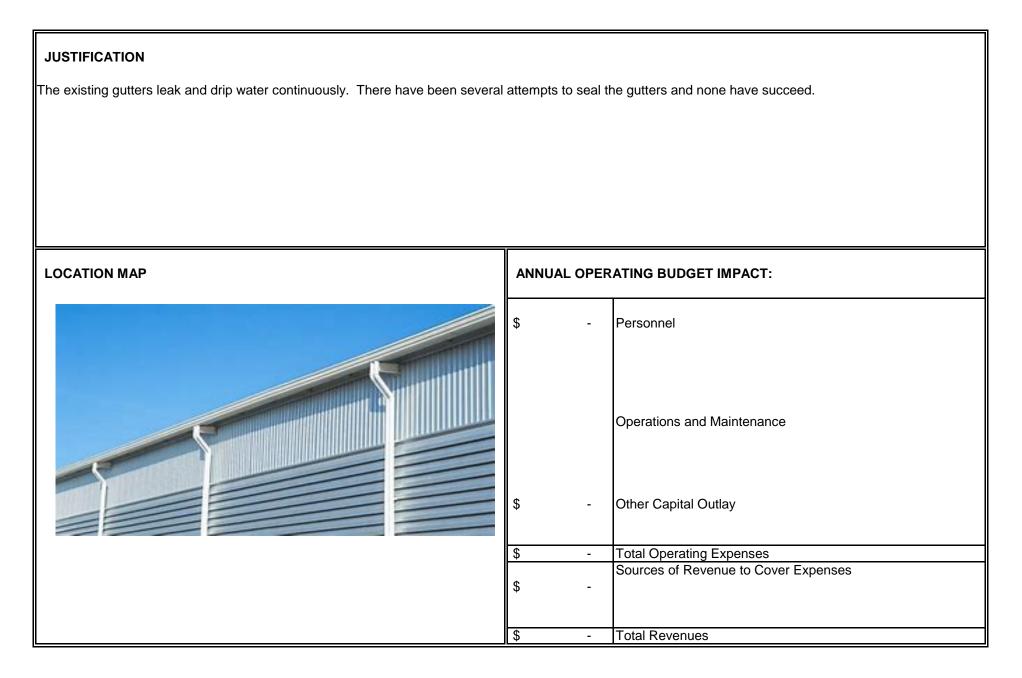

The tasks of this vehicle are to answer calls for service in an emergency and answer calls for non-emergencies. We also use this vehicle to transport contaminated equipment and gear from a fire back to the firehouse, so it is not in the fire trucks exposing our firefighters to carcinogens and other harmful contaminantes.

In order to provide available housing to our community we must lay down the infrastructure to build upon. It is critical that we provide water and sewer to the new site in order to build new homes.

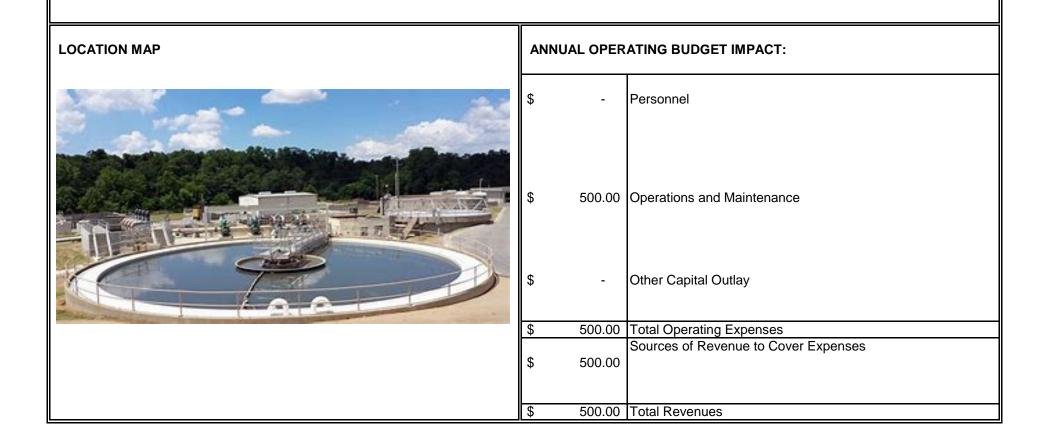

Also included in the grant project, is the Grand Street area. The water lines are old and delapidated. We have piecemilled the water lines to keep water service available and the lines continue to break. We desperatly need to replace the aged water lines with new pvc.

The State & Local Recovery Fund will be used to help fund these projects.

The current vehicle is over 17 years old in need of repairs. It also doesn't have a class 5 towing hitch needed to safely tow the fiber trailer. It also is lacking 4 wheel drive preventing it from effectively maneuvering through the ditches and terrain around the fiber closures. The current vehicle gets less than 15mpg in the city whereas the hybrid is rated at 24mpg in the city. This vehicle will also be equipped with a 7.2kW generator to serve as a backup for the fiber trailer generator that is starting to fail. This generator will also serve as remote power for fiber and electrical projects along with providing emergency power for the fiber nodes.

WATER DEPARTMENT

WATER AND SEWER FUND

This fund accounts for the receipts and disbursements to finance the City's Water and Sewer Department. This department is responsible for water treatment, storage, and the distribution system as well as the wastewater collection, pumping, and treatment system. This fund also supports the Infiltration & Inflow Division which inspects and repairs the City's sewer lines.

SPLOST funds, USDA funds and GEFA loans are used to finance major projects in this fund. Any SPLOST funds used for water and wastewater projects are spent within the SPLOST Fund, with the completed project then transferred to this fund as a fixed asset. The City charges fees for service based upon actual consumption with rates set to cover the cost of personnel, operations, equipment and improvements, debt service, and extensions of the systems.

ELECTRIC DEPARTMENT

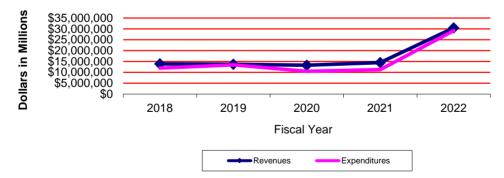

ELECTRIC FUND

This fund is used to account for the receipts and disbursements in the City's electric utility. In 1976, the City along with 45 other cities and one county entered into a power sales contract with the Municipal Electric Authority of Georgia (MEAG). Under the terms of the agreement which was extended in 2004, MEAG provides and the cities are obligated to purchase, all of their bulk power supply requirements for a period not to exceed 50 years.

EXPENSES SUMMARY

	FY 2020 Actual		FY 2021 Budgeted		FY 2022 Proposed		Percentage Increase
Personal Services/Benefits	\$	619,966	\$	685,226	\$	741,180	8.17%

SOLID WASTE COLLECTION

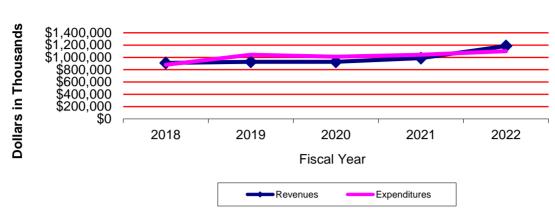

SOLID WASTE COLLECTION FUND

This fund accounts for the receipts and disbursements to operate the City's solid waste collection systems for commercial, residential and yard waste. It is financed by the monthly sanitation fees paid by the customers. The City contracts with Ryland Environmental to provide commercial collection services using front-end loading trucks and dumpsters picked up on a schedule agreed to by the customer and City. Customers are charged an amount determined by the cubic yard size of the dumpster used, and the number of times per week it is serviced.

The City also contracts with Ryland Environmental to provide residential collection using polycarts that citizens take to the curbside for service one time per week. White goods are collected curbside throughout the City following a route system.

Yard waste and leaf and limbs are picked up by city workers curbside one time each week following a route system. The City contracts with M. W. Collins, Inc. to mulch and haul away the City's leaf and limb debris. This service is included in the residential fee paid by the customer.

	 FY 2020 Actual		FY 2021 Budgeted		FY 2022 Proposed	Percentage Increase
Personal Services/Benefits	\$ 120,555	\$	145,372	\$	175,645	20.82%

CASH FLOWS FROM INVESTING ACTIVITIES		
Interest received		
Miscellaneous Income		
Sale of Assets		
Net cash flows from investing activities	\$	-
NET INCREASE (DECREASE) IN CASH	\$	100,877

TELECOM

TELECOMMUNICATIONS (TELECOM) FUND

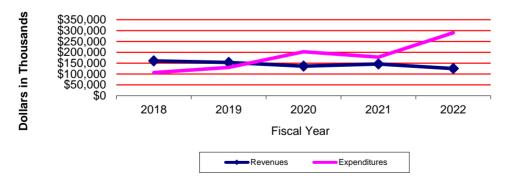

The Telecommunications (Telecom) Department funds the City's inhouse needs for information technology services including standardizing software and hardware purchased to allow employees to to share files electronically and to provide for a backup and disaster recovery plan for the City's vital records. This department is responsible for network design, installation and maintenance of the City's technology information systems.

The Telecom Department is also responsible for marketing and maintaining the City's fiber network and providing service to telecom and dial-up customers. Fiber optic communication exchanges information from one place to another by sending pulses of light into an optical fiber. Fiber optic communication and related technology represents the foundation of fiber high speed Internet connections.

DEBT SERVICE SCHEDULES

The Debt Service Schedules presented in this section provide a summary of the debt service obligations of the City at the beginning of FY 2022. Listed are the City's annual installment payments of principal and interest for previous capital improvement projects or acquisitions funded through debt financing.

According to the Georgia Constitution, a city's legal debt margin for general obligation debt is ten percent (10%) of the total assessed property values within the city limits. Currently, the City has no outstanding general obligation debt.

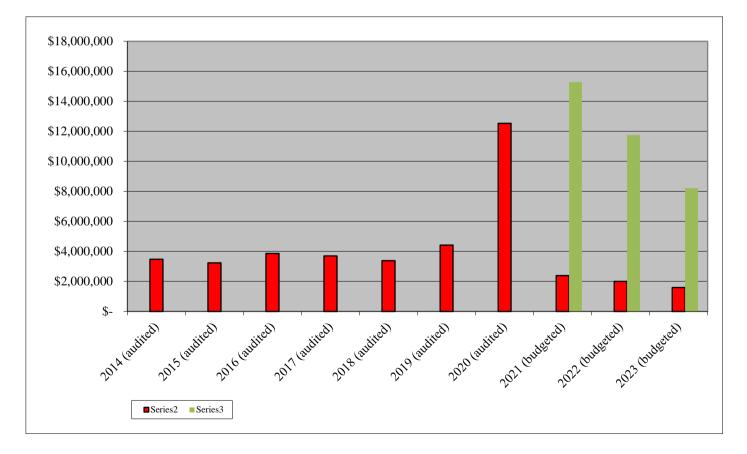

In the Electric Fund, there are currently no debt obligations reflected on the City's financial statements; however, Sandersville, along with 45 other cities and one county, has contractual agreements with the Municipal Electric Authority of Georgia (MEAG) to guarantee a portion of debt for the output and services of generating units acquired or constructed by MEAG for the generation of power.

In the Water and Sewer Fund, the City currently has four loans with the Georgia Environmental Facilities Authority for infrastructure projects. The City is also paying interest to USDA on three Water & Sewer Revenue Bonds for Water & Sewer projects to be completed in FY 2022.

In the General Fund the City has two debt obligations to the Georgia Municipal Association. The first one is for the purchase of a TYMCO model 600 street sweeper and the second is for the purchase of seven Police vehicles and conversion equipment.

Glossary of Terms

Accrual Basis - A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

Activity - Departmental efforts which contribute to the achievement of a specific set of program objectives; the smallest unit of the program budget.

Ad Valorem Taxes - Commonly referred to as property taxes, are levied on both real and personal property according to the property's valuation and the tax rate.

Allot - To divide an appropriation into amounts, which may be encumbered or expended during an allotment period.

Annualize - Taking changes that occurred mid-year and calculating their cost for a full year, for the purpose of preparing an annual budget.

Appropriation - A legal authorization to incur obligations and to make expenditures for specific purposes.

Assessed Valuation - The valuation set upon real estate and certain personal property by the Assessor as a basis for levying property taxes.

Assessment Ratio - The ratio at which the tax rate is applied to the tax base.

Asset-- Resources owned or held by a government which have monetary value.

Attrition - A method of achieving reduction in personnel by not refilling the positions vacated

through resignation, reassignment, transfer, retirement, or means other than layoffs.

Authorized Positions - Employee positions, which are authorized in the adopted budget, to be filled during the year.

Available (Undesignated) Fund Balance - This refers to the funds remaining from the prior year which are available for appropriation and expenditure in the current year.

Base Budget - Cost if continuing the existing levels of service in the current budget year.

Bond - A long-term I.O.U. or promise to pay. It is a promise to repay a specified

amount of money (the face amount of the bond) on a particular date (the maturity date). Bonds are primarily used to finance capital projects.

General Obligation (G.O.) Bond - This type of bond is backed by the full faith, credit and taxing power of the government.

Revenue Bond - This type of bond is backed only by the revenues from a specific enterprise or project, such as a hospital or toll road.

Balanced Budget - A budget in which planned revenues available equals planned expenditures.

Basis of Accounting - A system used by an individual government to determine when revenues have been realized and when expenditures have been incurred. The City uses the modified accrual method.

Basis of Budgeting – A system used by an individual government to determine when budgetary revenues have been realized and when budgetary expenditures have been incurred. The City uses the modified accrual method.

Bond Refinancing - The payoff and re-issuance of bonds, to obtain better interest rates and/or bond conditions.

Budget - A plan of financial activity for a specified period of time (fiscal year or biennium) indicating all planned revenues and expenses for the budget period.

Budgetary Basis - This refers to the basis of accounting used to estimate financing sources and uses in the budget. This generally takes one of three forms: GAAP, cash, or modified accrual.

Budget Calendar - The schedule of key dates that a government follows in preparation and adoption of the budget.

Budgetary Control- The control or management of a government in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources.

Capital Assets - Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets. The City of Statesboro defines them as assets costing at least \$5,000 and a useful life of two or more years.

Capital Budget - The appropriation of bonds or operating revenue for improvements to facilities, and other infrastructure.

Capital (Expediture) Improvements - Expenditures related to the acquisition, expansion or rehabilitation of an element of the government's physical plant; sometimes referred to as infrastructure. It also includes vehicle and equipment replacement.

Capital Improvements Program (CIP) - A plan for capital outlay to be incurred each year over a fixed number of years to meet capital needs arising from the government's long-term needs.

Capital Outlay - Fixed assets which have a value of \$500 or more and have a useful economic lifetime of more than one year; or, assets of any value if the nature of the item is such that it must be controlled for custody purposes as fixed asset.

Capital Project - Major construction, acquisition, or renovation activities which add value to a government's physical assets or significantly increase their useful life. Also called capital improvements.

Capital Reserve - An account used to segregate a portion of the government's equity to be used for future capital program expenditures. The amount of capital reserve is roughly equal to the government's annual equipment depreciation and an amount identified as being needed for future capital acquisition.

Commodities - Expendable items that are consumable or have a short life span. Examples include office supplies, gasoline, minor equipment, and asphalt.

Constant or Real Dollars - The presentation of dollar amounts adjusted for inflation to reflect the teal purchasing power of money as compared to a certain point in time in the past.

Consumer Price Index (CPI) - A statistical description of price levels provided by the U.S. Department of Labor. The index issued as a measure of the increase in the cost of living (i.e., economic inflation).

Contingency - A budgetary reserve set-aside for emergencies or unforeseen expenditures not otherwise budgeted.

Contractual Services - Services rendered to a government by private firms, individuals, or other governmental agencies. Examples include utilities, rent, maintenance agreements, and professional consulting services.

Cost-of-living Adjustment (COLA) - An increase in salaries to offset the adverse effect of inflation on compensation.

Debt Service - The cost of paying principal and interest on borrowed money according to a predetermined payment schedule.

Dedicated Tax - A tax levied to support a specific government program or purpose. .

Deficit - The excess of an entity's liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period.

Department - The basic organizational unit of government which is functionally unique in its delivery of services.

Depreciation - Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Development-related Fees - Those fees and charges generated by building, development and growth in a community. Included are building and street permits, development review fees and zoning, platting and subdivision fees.

Disbursement - The expenditure of monies from an account.

Distinguished Budget Presentation Awards Program - A voluntary awards program administered by the Government Finance Officers Association to encourage governments to prepare effective budget documents.

Employee (or Fringe) Benefits - Contribution made by a government to meet commitments or obligations for employee fringe benefits. Included are the government's share of costs for Social Security and the various pension, medical and life insurance plans.

Encumbrance - The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a specified future expenditure.

Entitlements - Payments to which local governmental units are entitled, pursuant to and allocation formula determined by the agency providing the monies, usually the state or the federal government.

Expenditure - The payment of Cash on the transfer of property or services for the purpose of acquiring an asset, service or settling a loss.

Expense - Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest or other charges.

Fiscal Policy - A government's policies with respect to revenues, spending, and debt management as these relate to government services, programs and capital investment. Fiscal policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding.

Fiscal Year - A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization. The City's fiscal year is July 1st through June 30th.

Fixed Assets - Assets of long-term character that are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment.

Fun Faith and Credit - A pledge of a government's taxing power to repay debt obligations.

Full-time Equivalent Position (FTE) - A part-time position converted to the decimal equivalent of a full-time position based on 2080 hours per year. For example, a part- time typist working for 20 hours per week would be the equivalent to .5 of a full-time position.

Function - A group of related activities aimed at accomplishing a major service of regulatory program for which a government is responsible (e.g., public safety).

Fund - A fiscal entity with revenues and expenses which are segregated for the purpose of carrying out a specific purpose or activity.

Fund Balance - The excess of the assets of a fund over its liabilities, reserves, and carryover. GAAP - Generally Accepted Accounting Principles. Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

Goal - A statement of broad direction, purpose or intent based on the needs of the community. A goal is general and timeless.

Grants - A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the grantee.

Indirect Cost - A cost necessary for the functioning of the organization as a whole, but which cannot be directly assigned to one service.

Infrastructure - The physical assets of a government (e.g., streets, water, sewer, public buildings and parks).

Interfund Transfers - The movement of monies between funds of the same governmental entity.

Intergovernmental Revenue - Funds received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes.

Internal Service Charges - The charges to user departments for internal services provided by another government agency, such as data processing, or insurance funded from a central pool.

Lapsing Appropriation - An appropriation made for a certain period of time, generally for the budget year. At the end of the specified period, any unexpected or unencumbered balance lapses or ends, unless otherwise provided by law.

Legal level of control - The lowest level of budgetary detail at which a local government's management or budget officer may not reassign resources without approval of the governing authority. The legal level of control shall be, at a minimum, expenditures for each department for each fund for which a budget is required. This does not preclude the governing authority of a local government from establishing a legal level of control at a more detailed level of budgetary control than the minimum required legal level of control.

Levy - To impose taxes for the support of government activities.

Line-item Budget - A budget prepared along departmental lines that focuses on what is to be bought.

Long-term Debt - Debt with at maturity of more than one year after the date of issuance.

Materials and Supplies - Expendable materials and operating supplies necessary to conduct departmental operations.

Mill - The property tax rate which is based on the valuation of property. A tax rate of one mill produces one dollar of taxes on each \$1,000 of assessed property valuation.

Modified Accrual – Basis of accounting according to which (a) revenues are recognized in the accounting period in which they become available and measurable and (b) expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable except for unmatured interest on general long-term debt and certain similar accrued obligations, which should be recognized when due.

Net Budget - The legally adopted budget less all interfund transfers and interdepartmental charges.

Net Position - Assets plus deferred outflows less liabilities plus deferred inflows.

Nominal Dollars - The presentation of dollar amounts not adjusted for inflation. Adjusting for inflation would be done to reflect the real purchasing power of money today.

Object of Expenditure - An expenditure classification, referring to the lowest and most detailed level of classification, such as electricity, office supplies, asphalt, and furniture.

Objective - Something to be accomplished in specific well-defined, and measurable terms and that is achievable within a specific time frame.

Obligations - Amounts which a government may be legally required to meet out of its resources. They include not only actual liabilities, but also encumbrances not yet paid.

Operating Revenue - Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day services.

Operating Expenses - The cost of personnel, materials and equipment required for a department to function.

Output Indicator - A unit of work accomplished, without reference to the resources required to do the work (e.g., number of permits issued, number of refuse collections made, or number of burglary arrests made). Output indicators do not reflect the effectiveness or efficiency of the work performed.

Pay-as-you-go-Basis - A term used to describe a financial policy by which capital outlays are financed from current revenues rather than through borrowing.

Performance Budget - A budget wherein expenditures are based primarily upon measurable performance of activities and work programs.

Performance Indicators - Specific quantitative and qualitative measures of work performed as an objective of specific departments or programs.

Performance Measure - Data collected to determine how effective or efficient a program is in achieving objectives.

Personal Services - Expenditures for salaries, wages, and fringe benefits of a government's employees.

Prior- Year Encumbrances - Obligations from previous fiscal years in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation, and for which a part of the appropriation is reserved. The cease to be encumbrances when the obligations are paid or otherwise terminated.

Program - A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the government is responsible.

Program Budget - A budget which allocates money to the functions or activities of a government rather than to specific items of cost or to specific departments.

Program Performance Budget - A method of budgeting whereby the services provided to the residents are broken down in identifiable service programs or performance units. A unit can be a department, a division, or a workgroup. Each program has an identifiable service or output and objectives to effectively provide the service. The effectiveness and efficiency of providing the service by the program is measured by performance indicators.

Program Revenue (Income) ~ Revenues earned by a program, including fees for services, license and permit fees, and fines.

Purpose - A broad statement of the goals, in terms of meeting public service needs that a department is organized to meet.

Reserve - An account used either to set aside budgeted revenues that are not required for expenditure in the current budget year or to earmark revenues for a specific future purpose.

Resolution - A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

Resources - Total amounts available for appropriation including estimated revenues, fund transfers, and beginning balances.

Retained Earnings - The accumulated earnings of an Enterprise or Internal Service Fund which have been retained or held in the fund and which are not reserved for any specific purpose.

Revenue - Sources of income financing the operations of government.

Service Level - Services or products which comprise actual or expected out-put of a given program. Focus is on results, not measures of workload.

Source of Revenue - Revenues are classified according to their source or point of origin.

SPLOST - Special Purpose Local Option Sales Tax – a sales tax imposed County wide for a predetermined period of time for a specific purpose, primarily funding capital projects and equipment. SPLOST must be approved by the citizens of the County by a majority vote in a special referendum election.

Supplemental Appropriation - An additional appropriation made by the governing body after the budget year or biennium has started.

Supplemental Requests - Programs and services, which departments would like to have added (in priority order) over their target budget, or if revenue received is greater than anticipated.

Target Budget - Desirable expenditure levels provided to departments in developing the coming year's recommended budget. Based on the prior year's adopted budget, excluding one-time expenditures, projected revenues and reserve requirements.

Tax Levy - The resultant product when the tax rate per one hundred dollars is multiplied by the tax base.

Taxes - Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people. This term does not include specific charges made against particular persons or property for current or permanent benefit, such as special assessments.

Transfers In/Out - Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

TSPLOST – Transportation Special Purpose Local Option Sales Tax – a one-cent sales tax voted on by each of Georgia's twelve economic development regions for a ten year period of time for a specific purpose, primarily funding an indentified list of transportation improvements in each region where the tax referendum is approved.

Unencumbered Balance - The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of money still available for future purposes.

Unreserved Fund Balance - The portion of a fund's balance that is not restricted for a specific purpose and is available for general appropriation.

User Charges - The payment of a fee for direct receipt of a public service by the party who benefits from the service.

Variable Cost - A cost that increases/decreases with increases/decreases in the amount of service provided such as the payment of wages.

Working Capital- Excess of current assets over current liabilities.

Workload Indicator - A unit of work to be done (e.g., number of permit applications received, the number of households receiving refuse collection service, or the number of burglaries to be investigated).

Work Years - The amount of personnel resources required for a program expressed in terms of the "full-time equivalent" number of employees. One "work year" is equal to one full-time, year round employee. For most categories, this equals 2080 hours per year (40 hours per week times 52 weeks). The number of hours a part-time employee is budgeted to work during the year is divided by 2080 to arrive at the equivalent number of "work years" for the position.
